I am proud to present the Santa Cruz County Office of Education’s (Santa Cruz COE) 2019 – 2024 Strategic Plan, the roadmap that will guide our work for the next five years. This plan builds on the successes of both our past and current initiatives, and reflects Santa Cruz COE’s commitment to ensuring all learners have educational opportunities and the support they need to succeed and prosper. I am grateful to all the students, families, teachers, administrators, district leaders, community partners, and Santa Cruz COE staff and managers who have contributed their wisdom and ideas to this strategic plan.

The promise of public education is for every learner to achieve and thrive in school and in life. To realize this promise, every student must be immersed in a supportive learning environment that builds on their strengths and expands their opportunities. We recognize that significant disparities in educational opportunities and outcomes exist among students in Santa Cruz County based on race, socioeconomic status, ethnicity, gender, special needs, immigration status, English learner proficiency, sexual orientation, and geography, which result from a legacy of systemic, economic, and political inequity. We believe we have to be deliberate in confronting and dismantling these systems of power and privilege to succeed in our mission. To this end, we are committed to listening to the diverse voices of our educational community in order to gain a clear understanding of their needs. Our process to develop this plan has involved a series of meetings where a variety of stakeholders from different sectors provided their feedback to design solutions to address these needs, and moreover hold us accountable in this effort.

While equity has been a deeply-held value within the Santa Cruz COE for many years, our new strategic plan calls out our commitment to equity more explicitly. This is reflected in our new mission: To lead an equitable and innovative learner-centered education system. We take this responsibility seriously, as our whole community will benefit when we fulfill this mission and achieve our new vision of success: Engaged learners and leaders who have the social, emotional, academic, and technical skills to thrive in a changing world.

The Santa Cruz COE is eager to begin aligning our efforts to this new 5-year strategic plan. We feel this ambitious plan accurately reflects our deeply held commitment to equity, excellence, and innovation. The Santa Cruz COE needs committed, engaged partners to fulfill this vision, as systemic inequities cannot be solved by one organization or system alone. We look forward to deepening our collaboration with our many partners, as well as continuing to develop best practices internally, as we work together to achieve our mission to lead an equitable and innovative learner-centered education system.

Santa Cruz COE’s Strategic Planning Process & Key Themes

This strategic plan reflects a 6-month planning process designed to update the Santa Cruz COE’s strategic framework (vision, mission, values, and priorities) and develop a roadmap that will guide our strategic initiatives, partnerships, and supports for districts and students over the next five years.

We began with a needs assessment in the fall of 2018. With the assistance of Applied Survey Research (ASR) and Optimal Solutions Consulting (OSC), we were able to hear the perspectives of hundreds of stakeholders within and outside of the Santa Cruz COE through:

- Listening sessions with students and parents/guardians
- Key informant interviews with district superintendents and community leaders
- Focus groups with district personnel and representatives from public and nonprofit partners
- Input sessions with stakeholders groups
- An online survey
- Input sessions with Santa Cruz COE staff, managers, and the County Board of Education

These diverse stakeholders shared their perspectives about our strengths and areas to improve as an organization, as well as opportunities to achieve greater impact. Key themes included:

**Strengths to Build On**

- The Santa Cruz COE’s intentional focus on equity, which is a shared value among many stakeholders;
- The range and quality of Santa Cruz COE’s programs for students and districts, and the responsiveness and expertise of staff;
- Strong, effective partnerships with districts, community-based agencies, and public agencies;
- Santa Cruz COE’s role as a central hub and convener that brokers collaborative opportunities, creates systems, leverages resources, and shares and spreads best practices;
- The increased focus on early childhood education, LGBTQ students, social emotional learning (SEL), implementation of science standards, environmental literacy, and special education services;
- Santa Cruz COE’s influence on local and state policy.

**Areas for Improvement**

- Increase cross-district collaboration and foster a collective mindset of, “All 40,000 students in the county are our kids;”
- Tailor communication, services, and support to match districts’ varying needs and contexts;
- Increase the Santa Cruz COE’s presence in south county;
● Communicate clearly and proactively to all stakeholders within and outside of the Santa Cruz COE about the organization’s strategic direction and its role, initiatives, partnerships and accomplishments.

**Opportunities to Achieve Greater Impact**

● Enhance Santa Cruz COE’s role as a central hub and convener to increase visibility, funding, coordination, and access to countywide programs and professional development;

● Use the Santa Cruz COE’s visibility and credibility to elevate expectations and systemic practices that support the whole learner;

● Dedicate attention, resources, and support to address students’ social-emotional and behavioral health;

● Develop deep expertise in a few areas, such as trauma-informed care and culturally competent teaching practices, then teach others;

● Systematize and replicate effective initiatives that benefit all districts, such as the Countywide Science Initiative (implementation of the Next Generation Science Standards), the Equity Institute, the Whole Child Approach, and Multi-Tiered Systems of Support;

● Work with schools and community partners to foster youth leadership and civic engagement;

● Sustain and scale effective programs;

● Increase the Santa Cruz COE’s leadership, civic engagement, and advocacy at the local, regional, state, and national levels on broader community issues that affect learning, such as housing, transportation, food, health care, early care and education, environmental justice, safety, social support, and discrimination and racism.

**Countywide Data**

ASR also reviewed countywide data that highlight some hopeful trends, as well as differences in educational opportunities and outcomes that warrant a systems-level response — i.e. changes in policies and practices and greater collaboration — from the Santa Cruz COE, districts, and other community partners. For example:

Only half of all children ages 3-4 were enrolled in preschool or Transitional Kindergarten in 2017;

● On average, less than half (40%) of 3rd grade students met or exceeded the English Language Arts (ELA) standard in 2018. **This percentage has steadily increased since 2016**, but was still below the statewide percentage (48%). There was a significant difference in percentages when broken out by race and ethnicity. A higher percentage of Asian and white 3rd graders met or exceeded standards (69% and 64%, respectively) than African American/Black and Latinx students (45% and 25%, respectively).

● In 2018, only 43% of 3rd grade students met or exceeded math standards (below California’s average of 49%) and the percentages varied significantly by race and ethnicity, ranging from 75% of Asian students to 28% of Latinx students.

● Similar patterns were seen in countywide data on the percentage of 8th and 11th grade students meeting or exceeding standards in ELA and math.

1 Latinx is a gender-neutral term used as an alternative to the gender-specific terms, Latino or Latina
Overall, 69% of students who responded to the 2016-17 California Healthy Kids Survey said they felt safe in their schools, and 59% said they felt like they were a part of their schools. However, only 32% of students said they had a caring relationship with adults at school, with noticeable differences between Asian (27%), Latinx (28%), and African American/Black (29%) students, compared to white students (39%).

Students who self-identified as gay or lesbian experienced verbal and physical abuse, or the threat of physical harm, at a disproportionately higher rate than students overall. For example, 25% of gay and lesbian students had been threatened with harm or injury, compared to 6% of students overall.

Santa Cruz County’s suspension rate has been lower than California’s since 2014-15, but has begun rising in recent years. In 2017-18, the county’s suspension rate rose from 1.7% to 3.1%, only slightly lower than California’s rate of 3.5%. Latinx students accounted for 75% of all suspensions in the county in 2017-18.

Similarly, Santa Cruz County’s expulsion rate had remained low (.02% - .05%) and below California’s rate until 2017-18, when the county rate jumped to .12%, which was higher than California’s rate of .08%. This data should be interpreted with caution, since a small change in the number of suspensions and expulsions can cause a significant increase in the percentage.

Santa Cruz County’s graduation rate decreased slightly between 2014-15 (87%) and 2017-18 (82%), but the dropout rate also declined in that same period from 2.3% to 1.8%.

While the decline in the dropout rate is good news, only one-third (33%) of Santa Cruz County’s high school graduation cohort were deemed “Prepared” for postsecondary education or careers in 2018, according to the new College and Career Indicator (CCI). The CCI is a combined measure that accounts for preparedness for both college and career. This percentage trailed California (42%) and varied by students’ race and ethnicity – from 19% of Latinx students to 50% of white students. A similar percentage of Asian students (47%) and African American/Black students (46%) were Prepared for college/career.

We cannot afford to dismiss or downplay the importance of these data, particularly the concerning trends. “Research demonstrates that inequalities in both opportunity and outcomes along the lines of race and social class begin early and often persist throughout students’ K–12 years and beyond, and that they are much larger in the United States than in comparable countries (Bradbury et al. 2015; Putnam 2015).”

The Santa Cruz COE will not accept inequities in access, opportunities, and outcomes as inevitable. These data have informed our strategic plan, which serves as a call for collective action to:

1. Create integrated systems of support that address the social determinants of health (the social, economic, political, and physical environments in which people are born, grow, live, work, and age) that impact our learners’ educational opportunities and outcomes; and

---

2. **Eliminate the structural and systemic gaps and barriers** (institutional norms, practices, and policies) that create the **opportunity gap** (inequitable access to opportunities, resources, and supports for learners) that contributes to **inequitable outcomes**—the differences in health, social, educational, and economic status that are too often predictable by race, cultural or ethnic identity, gender identity, sexual orientation, family income, home language, immigration status, learning differences, and other characteristics.

**Equity: The Foundation for Success**

Our society is rapidly and constantly changing, with new jobs and career paths emerging — often faster than our country’s education system has been able to respond. While social and technological advances present exciting educational and career opportunities, we also face daunting challenges that threaten intergenerational well-being, such as the housing crisis, climate change, poverty, and persistent injustices against our LGBTQ, immigrant, and ethnically diverse communities. These challenges are inextricably linked to the social and emotional health of our learners and educators, and therefore inextricably linked to the quality of our county’s education system and academic outcomes.

Education is often viewed as the great equalizer that “levels the playing field” and creates equal opportunities for all to succeed in life. While this is true for many people, we know we still have much work to do to make this a reality for all learners in our community. Educational systems throughout the country are not just imperfect and chronically underfunded, but have been built on a legacy of laws, policies, and practices (e.g., segregation, disinvestment in low-income communities, disproportionate use of harsh discipline for students of color) that create and reinforce the opportunity gap that contributes to inequitable life outcomes.

The Santa Cruz COE is driven by a deep sense of urgency to transform educational systems and practices so that all learners, with diverse and unique backgrounds and circumstances, have opportunities and access to supports and resources that enable them to achieve and thrive, from birth through adulthood. This strategic plan is an explicit statement of our enduring commitment to equity for all learners. We invite all our partners—learners, families, schools, districts, public and non-profit community partners, businesses, and our staff—to join us in fulfilling our vision.
Our Strategic Framework

Our Vision
We envision a community with engaged learners and leaders who have the social, emotional, academic, and technical skills to thrive in a changing world.

Our Mission
To lead an equitable and innovative learner-centered educational system.

Our Values

1. **Equity** – We create or improve programs, practices, and policies to ensure that every learner has opportunities, experiences, and support systems that address their educational goals and needs.

2. **Innovation** – We foster communication, collaboration, creativity, and critical thinking to generate new ideas and solutions.

3. **Partnership** – We listen to the needs of our learners, families, educators, and the community, and work with our partners to create networks of support and opportunities so all our learners can achieve and thrive.

4. **Excellence** – We hold ourselves to high standards of quality and professionalism and aim to exceed the expectations of our learners, community, partners, and staff.

The Role of the Santa Cruz COE
The Santa Cruz COE is a public agency charged with providing educational leadership, resources, and services to ensure quality educational opportunities for all learners. We accomplish this through our three primary roles:

- **Convene leaders & catalyze systems change**: The Santa Cruz COE leads and participates in community-wide initiatives that transform policies, practices, and systems that impact students’ educational opportunities and outcomes.

- **Provide support & oversight for districts**: The Santa Cruz COE offers programmatic and business services, supports, and oversight to the 10 school districts in Santa Cruz County. These services and supports — including professional learning, curriculum and instructional support, human resources, payroll, technology, budget approval and monitoring, data reporting, and Local Control Accountability Plan approval and monitoring — complement districts’ efforts or provide resources that would not otherwise exist, particularly for small school districts.

- **Provide services & programs for students and families**: The Santa Cruz COE coordinates and offers a range of arts, environmental education, child development, career and technical education, and instructional programs and services for students, from birth through age 24 and beyond, and their families. Instructional programs are offered directly by the Santa Cruz COE through Alternative Education, Special Education, Outdoor Science School, Career Technical Education Partnership, and Student Services programs.
Our Strategic Priorities

Our review of stakeholder input and community data led us to identify the following three strategic priorities to focus on over the next five years:

1. **Safety, Engagement, Social-Emotional Wellness**
2. **Academic Achievement & College/Career Readiness**
3. **Sustainable Systems**

The strategic priorities are overlapping and interrelated, but are described here as distinct priorities for planning purposes. We have identified an aspirational goal, strategies (broad approaches), and key indicators of progress for each strategic priority. Over the next five years, we will implement these strategies through our programs and partnerships. Specific activities and initiatives may vary each year, depending on our community’s needs, and will be defined on an annual basis as part of the Santa Cruz COE’s annual action planning and progress report.
Strategic Priority 1: Safety, Engagement, and Social-Emotional Wellness

Our Goal: Every learner is safe, connected, supported, and socially and emotionally healthy.

Why this Matters: Many of our students face daunting challenges on a daily basis in their homes, schools, and communities. The stress of economic instability, homelessness, family violence, bullying, discrimination, racism, fear of deportation, and other forms of trauma takes its toll on the health and well-being of learners of all ages. Educators are often the “first responders” who see the symptoms of chronic stress and trauma in students’ behaviors or learning difficulties.

A growing body of research shows that teaching social-emotional skills, such as managing emotions, practicing compassion and empathy, handling conflict, and making responsible decisions is just as critical to students’ success as teaching academic skills, such as reading, writing, and math. In addition, teaching critical thinking, leadership, and civic engagement skills provides learners with tools to be active agents of change in their homes, schools, and communities. When social-emotional learning (SEL) and civic engagement are integrated into academic instruction, and other trauma-informed and healing-centered resources are available to support safety and social and emotional well-being, students typically have fewer behavioral issues and can focus on learning. This can contribute to improved academic outcomes and increased engagement and action at school and in the community.\(^3\)\(^4\)

While the Santa Cruz COE alone cannot solve all the complex circumstances in our students’ lives, we can use our leadership, partnerships, cross-sector initiatives, internal programs, and resources to create learning environments that foster safety, belonging, purpose, and engagement — essential conditions for teaching the whole learner.

Strategies: In addition to the Santa Cruz COE’s ongoing services, programs and initiatives, we will focus on implementing these strategies over the next five years, in support of our strategic goal.

- **Convene & Catalyze Systems Change**
  - Convene cross-sector partners to create **integrated systems of supports** that promote safety, engagement, behavioral health, wellness, and social emotional learning

- **Support & Oversight for Districts**
  - Support countywide implementation of safety protocols
  - Support districts to integrate Social Emotional Learning (SEL) with academic instruction

- **Programs & Services for Students & Families**
  - Partner with businesses, nonprofits, and public agencies to increase the availability of high-quality, affordable early care and education

---

Increase inclusion of student and family voices in program and policy decisions
Build integrated data systems and processes to support data-driven decision-making

Support districts to implement strategic intervention systems
Provide ongoing professional learning for districts, schools, community partners, and Santa Cruz COE staff

Increase enrollment in high-quality early care and education
Increase student access to ongoing, standards-based programs in the Arts
Increase opportunities and student access to outdoor learning and environmental literacy programs
Enhance student/family engagement and leadership programs

Key Indicators of Progress

- Preschool and Transitional Kindergarten enrollment
- Family engagement levels
- Postsecondary completion
- Student leadership
- School attendance, with focus on chronic absenteeism
- School climate and safety survey results
- Suspension, expulsion, and drop-out rates

Strategic Priority 2: Academic Achievement and College/Career Readiness

Goal: All learners have the academic and non-academic skills and supports to be actively engaged and successful in careers, further education, and their communities.

Why This Matters: High-quality education and lifelong learning opportunities continue to be key drivers of economic security and mobility. Individuals with college degrees or higher are more likely to earn higher incomes than people who do not graduate from high school, which increases their opportunities to earn higher incomes, build wealth (assets), and experience social mobility. In addition, changes in the global economy, innovations in Science, Technology, Engineering, Arts, and Math (STEAM) industries, the emergence of the “gig economy,” and the aging Baby Boomer population have driven changes in workforce needs. Nationwide, many employers report difficulty hiring workers who have the necessary knowledge and skills for today’s jobs. The combined effect of opportunity gaps in educational attainment, income, and employability reinforces the social and economic inequities that perpetuate intergenerational disparities.

The Santa Cruz COE recognizes there are multiple pathways to achieving college, career and community success, all of which begin at birth and are part of a lifelong learning process. We work in partnership with students, families, schools, districts, and community

---

partners to provide educational opportunities and support so that all learners can achieve and thrive, no matter which pathway they choose. Modern career opportunities require us to offer innovative and challenging learning experiences, starting in the earliest years of childhood, to ensure that our learners develop the academic, career, technical, and social-emotional skills required to succeed today and in the future.

**Strategies:** In addition to our ongoing services, programs and initiatives, we will focus on implementing these strategies over the next five years, in support of our strategic goal.

Strategic Priority 3: Sustainable Systems

Goal: The education system in Santa Cruz County is cohesive, effective, and equitable.

Why This Matters: Achieving equity for all learners will require multiple partners across multiple systems to work together to create the conditions that support equitable opportunities for lifelong learning and education. This typically requires institutional changes in policies and practices that do not happen in isolation or on their own. As the leader of a countywide educational system that intersects with health, human services, child welfare, juvenile justice, government, private sector, and higher education systems, the Santa Cruz COE can provide resources, leadership, and “backbone support” to facilitate systems-level changes that improve all learners’ safety, engagement, social-emotional wellness, academic achievement, and college/career readiness. In addition, the Santa Cruz COE’s support and oversight for districts helps enhance their fiscal health, business processes, data-driven decision-making, and technology infrastructure, which are essential to providing high-quality education to all learners.

Strategies: In addition to our ongoing services, programs and initiatives, we will focus on implementing these strategies over the next five years, in support of our strategic goal.

Convene & Catalyze Systems Change
- Integrate data systems and establish data-sharing agreements within and across sectors
- Convene cross-sector/system partners and facilitate systems changes that align with the Santa Cruz COE’s strategic priorities
- Participate in cross-sector/system initiatives that align with the Santa Cruz COE’s strategic priorities

Support & Oversight for Districts
- Provide business, human resources, and technology services to districts
- Provide guidance, technical assistance, and oversight for districts’ Local Control Accountability Plans

Programs & Services for Students & Families
- Pursue grants and other sustainable funding opportunities to maintain and/or expand key Santa Cruz COE programs and services
- Partner with districts to implement strategies to decrease teacher shortages and increase retention of highly effective teachers
Key Indicators of Progress:
- Qualified, stable teacher workforce
- Staff retention
- Positive certification of district budgets
- LCAP approvals
- Grants and other funding acquired
- Maintenance of Santa Cruz COE services

Our Implementation Plan
This plan articulates our strategic direction for the next five years, which will require ongoing partnerships with stakeholders inside and outside of the Santa Cruz COE to achieve progress. We are committed to taking the following steps to implement and adapt our strategic plan in response to changing conditions:
- Each Santa Cruz COE department will develop annual action plans with specific activities, roles, timelines, and metrics that are aligned with the strategic plan and other departmental plans.
- These action plans will inform the Santa Cruz COE’s evaluation plan and annual progress report.
- The Santa Cruz COE will conduct an annual review of the strategic plan and update annual action plans based on the data collected and analyzed in the annual progress report.
- The Santa Cruz COE will continue to engage learners, families, districts, schools, community partners, businesses, higher education, and other stakeholders in implementing and adapting our strategic plan, in response to community needs.

Conclusion
The Santa Cruz COE’s 5-year strategic plan is ambitious, and we are ready to lead transformational systems changes that result in equity for all learners. The Santa Cruz COE needs committed, engaged partners to fulfill this vision, as systemic inequities cannot be solved by one organization or system alone. We look forward to deepening our collaboration with our many partners as we work together to fulfill our vision of a community with engaged learners and leaders who have the social, emotional, academic, and technical skills to thrive in a changing world.

SUBJECT: Resolution #19-12 in Support of Immigrant Students and Families

BACKGROUND

The Board will be asked to approve a Resolution #19-12 confirming Santa Cruz County Office of Education’s commitment to providing equitable and accessible education to all learners, including immigrant students and their families.

SUPERINTENDENT’S RECOMMENDATION FOR BOARD ACTION:

Adopt Resolution #19-12.

FUNDING IMPLICATIONS

We are pleased to provide the Childcare Safety Plan (CSP) -- a powerful and simple toolkit to aid Family Preparedness Planning. The CSP is a free-of-cost, one-stop shop for parents to plan for the care of their minor children in case something happens to the parents, such as deportation or other incapacity.

The CSP is a fairly straightforward 4-paged fill-in-the-blank form. It includes a designation of Caregivers, a Caregiver Authorization Affidavit, a list of additional powers granted to the Caregiver and a medical directive. In separate optional attachments, parents can provide critical information about their children’s medical and other needs, and complete a Nomination of Guardianship form and/or a Power of Attorney for Travel. The risks and benefits of each are explained within the document.

The CSP fills in the gap between the only 2 childcare authorizations currently recognized by California law:

1. the extremely limited yet significant authority granted by the California Caregiver Authorization Affidavit, and
2. the very aggressive and powerful Nomination of Guardianship, which could lead to a loss of parental rights.

Because family preparedness can present complex issues, the general intention of the CSP Coalition has been that every family filling out the CSP would receive the assistance of a trained volunteer. In Santa Cruz and Monterey, we have trained over 200 volunteers and staff at 25 organizations where families can receive free help. This includes all bilingual coordinators in the Santa Cruz and Pajaro Valley school districts. We have worked extensively with Santa Cruz and Monterey County school districts to offer the CSP through parent workshops.

COE’s endorsement of the CSP is crucial for several reasons, including:

- COE’s support helps to ensure that “gatekeepers” to services -- such as medical offices, recreational programs and educational institutions -- will accept the authority of a designated Caregiver with confidence and allow children to access all of the services to which they are entitled.
- Parents will enjoy peace-of-mind knowing that their Caregiver designation will be honored in case the parents are incapacitated.
- Endorsement of the CSP is a precursor to supporting statewide legislative efforts to create a childcare planning document that will be available and honored throughout California.

Thank you for your support of the CSP.

Who will care for your kids if you cannot?
Family Emergency Preparedness is crucial in today’s uncertain times. Parents and kids may become separated by events such as military deployment, incarceration, illness or other emergency, or deportation. One aspect of family emergency preparedness is choosing a caretaker for your kids if something were to happen to you. This is a temporary childcare custody document informing necessary parties of your childcare wishes.

What do I need to fill out?
At a minimum, it is crucial for parents to complete the 4-paged CSP if you wish to have an operative plan in place for the care of their kids in case of family separation. If you are interested in providing further information to assist the caregiver in caring for your kids, you may complete the additional resources included in this packet.

This is a free document. You should not be charged any money for it.
This is general information only, not legal advice.
This CSP is not an official form provided by state law. There is no guarantee that any or all provisions of your plan will be honored. For specific advice about your family’s situation, consult a licensed attorney.

¿Quién cuidará de tus hijos si no puedes?
La preparación para emergencias familiares es crucial en los tiempos de incertidumbre de hoy. Los padres y los niños pueden separarse por eventos como despliegue militar, encarcelamiento, enfermedad u otra emergencia o deportación.
Un elemento de la preparación para emergencias familiares es elegir quién sería el cuidador de sus hijos si algo le ocurriera a usted. Este es un documento de custodia temporal que informa sus deseos sobre el cuidado de sus hijos a posibles autoridades necesarias.

¿Qué necesito para completar?
Como mínimo, es crucial que los padres completen el CSP de 4 páginas si desean tener un plan operativo para el cuidado de sus hijos en caso de una separación familiar. Si los padres están interesados en proporcionar más información e instrucciones para ayudar al cuidador a cuidar a los niños, pueden completar los recursos adicionales incluidos en este paquete.

Este documento es gratuito. No le pueden cobrar por este documento.
Esta es solamente información general; no es asesoría legal.
Este CSP no es un formulario oficial proporcionado de acuerdo con la ley estatal. No hay ninguna garantía de que se respetarán alguna o todas las disposiciones de su plan. Si necesita asesoría específica sobre la situación de su familia, consulte a un abogado con licencia.
A. To Whom it May Concern [A quien corresponda]:

I, ________________________________________________________ [1st Parent’s Name], and I, ____________________________________________________ [2nd Parent’s Name], write this Childcare Safety Plan (“Plan”) to state my plan for the care and safety of my children. I want this Plan to take effect immediately if and when the Parent(s) signing this Plan become Incapacitated. By “Incapacitated,” I mean if, while my children are under the age of 18, I am: (1) detained by law enforcement; (2) incarcerated; (3) deported or removed; (4) unavailable or mentally or physically disabled to the point where I cannot care for my children for a significant period of time; (5) deployed militarily and/or (6) deceased.

C. Designation of Caregiver [Designación del cuidador]:

If I am Incapacitated, I choose the following people to be the Caregiver for my children. I trust these people with the care of my children if I am unable to care for my children myself. I believe they will provide a safe home for my children and will be able to provide for my children’s basic needs. I have discussed my plans with them and they have agreed to serve as Caregiver for my children if I am Incapacitated. I reserve the right to continue to participate in the care of my children to the maximum extent I am able during my period of Incapacity.

Si estoy incapacitado, elijo a las siguientes personas para ser Cuidador(a) de mis hijos. Confío a estas personas el cuidado de mis hijos si yo fuera incapaz de hacerlo por mi propia cuenta. Creo que van a proporcionarles un hogar seguro y serán capaces de satisfacer sus necesidades básicas. He discutido mis planes con ellos y ellos han aceptado servir como Cuidadores de mis hijos si estoy incapacitado para ello. Me reservo el derecho de seguir participando en el cuidado de mis hijos en la medida de lo posible durante mi periodo de incapacidad.

4. NOMINATION OF FUTURE GUARDIAN FOR MINOR CHILDREN (OPTIONAL)

It is my intention that the Caregiver relationship created by this Childcare Safety Plan satisfy all of my children’s significant needs and that a legal guardianship will not be necessary for the care of my children. However, if any of my children has an urgent or critical need while I am Incapacitated that cannot be met by my designated Caregiver in the absence of a court-appointed guardianship, and if a Court of Law determines that a guardianship is necessary for the care of any or all of my children, I want the individual I have identified in the Nomination of Future Guardian for Minor Children to be named by a Court of Law as guardian.

I understand the following:

- It is advisable to consult with an attorney before completing a Nomination of Future Guardian for Minor Children if I do not understand its implications.
- If a Court of Law appoints a guardian for my child, my legal and physical custodial rights will be temporarily suspended. Restoring my legal and physical custodial rights must also be done by a Court of Law.
- California law allows for a guardian to petition a Court of Law for adoption after a period of 2 years. If I fail to communicate with and support my child for more than 6 months, California law allows for a guardian to petition a Court of Law for adoption after only 6 months, which permanently severs my parental rights.
- The Nomination of Future Guardian for Minor Children, attached here, is provided in accordance with California Probate Code Sections 1500-1502.

NOMINACIÓN DE FUTURO TUTOR PARA HIJOS MENORES (OPCIONAL)

Es mi intención que la relación de cuidador creada por este Plan de seguridad del cuidado de hijos cumpla con todas las necesidades importantes de mis hijos y que no sea necesaria una tutela legal para el cuidado de mis hijos. Sin embargo, si alguno de mis hijos tiene una necesidad urgente o crítica mientras estoy incapacitado, y si mi cuidador designado no puede cumplir con la ausencia de una tutela nombrada por el tribunal, y si un tribunal determina que es necesaria una tutela para la atención de cualquiera o de todos mis hijos, deseo que la persona que identificué en la Nominación del futuro tutor para niños menores sea nombrada por un tribunal de justicia como tutor.

Entiendo lo siguiente:

- Es aconsejable consultar con un abogado antes de completar una Nominación de futuro tutor para niños menores de edad si no entiendo sus implicaciones.
- Si un Tribunal de Justicia designa a un tutor para mi hijo, se suspendrán temporalmente mis derechos legales y físicos de custodia. Restauración de mis derechos legales y físicos de custodia también deben hacerse en un Tribunal de Justicia.
- La ley de California permite a un tutor solicitar a un Tribunal de Justicia para adoptar a mis hijos después de un período de 2 años. Si no me comunico y no apoyo a mi hijo durante más de 6 meses, la ley de California permite a un tutor solicitar a un Tribunal de Justicia adoptar después de sólo 6 meses lo que rompe permanentemente mis derechos como padre.
- La forma de nombramiento de Tutor permanente se incluye aquí, se proporciona de acuerdo con las Secciones del Código Testamentario de California 1500-1502.

We prepare students to pursue successful futures and to make positive contributions to the community and the global society; and

WHEREAS our core values are that public schools are the foundation of our democracy, that every person has intrinsic worth, that we believe in treating people with dignity and respect, that high standards and expectations foster greater achievement, that each of us shares responsibility for the welfare of our community, that diversity is an asset in our community, that honesty and integrity are essential in building relationships, that schools must provide access and equity, that people thrive in safe environments; and

WHEREAS the Santa Cruz County Board of Education believes that the physical safety and the emotional well-being of all children in the District, and ensuring that our schools are safe and welcoming for all students and their families is paramount to students being able to achieve, and Santa Cruz County Schools do not tolerate any form of discrimination, harassment or bullying as outlined in Board Policy 5145.13; and

WHEREAS Santa Cruz County School Districts’ staff shall not ask about a student’s immigration status or that of the student’s family members, and pursuant to Family Educational Rights and Privacy Act (FERPA) shall not disclose without parental consent, the immigration status of any Santa Cruz County School Districts’ student or any other personal information, and

WHEREAS The California Attorney General, as mandated by AB 699, has published model policies limiting assistance with immigration enforcement at public schools, to the
fullest extent possible consistent with federal and state law, and ensuring that public schools remain safe and accessible to all California residents, and

WHEREAS these model policies include direction that “schools should not contact Child Protective Services unless the school is unsuccessful in arranging for the care of the child through the emergency contact information that the school has, or other information or instructions conveyed by the parent or guardian,” and

WHEREAS currently there is no legally codified document in California statutory law that allows families to express and formally prepare for an event in which they may not be able to care for their children due to incapacitation such as detention, deportation, removal, or other circumstances besides a court ordered guardianship, and

WHEREAS three trusted community partners, Community Bridges, Santa Cruz County Immigration Project, and Monarch Services, in partnership with attorneys, have crafted the Childcare Safety Plan that allows families to expressly and formally designate Caregivers to act on their behalf in the event that they are incapacitated through events such as detainment, deportation and/or removal, or other circumstances without invoking the many difficulties, costs, and potential drawbacks associated with court ordered guardianships.

THEREFORE BE IT RESOLVED that Santa Cruz County’s schools will follow the California Attorney General’s model policy recommendation “to accept other information or instructions conveyed by the parent or guardian,” besides emergency contact information, about whom the parent(s) designate as alternate caregivers for their child.

BE IT RESOLVED THAT in the absence of a statutory alternative to court ordered guardianship in California, Santa Cruz County’s schools will accept the Childcare Safety Plan as proof of parents’ contingency family preparedness planning and shall accept the authority of the agent designated by parents in their Childcare Safety Plan to act in proxy of and on behalf of the parents of students, enrolled in those schools during the parents’ incapacitation.

BE IT RESOLVED that a child covered by a Childcare Safety Plan shall maintain full access to education services and that the child’s caregiver(s) shall be allowed to act on behalf of the parent(s) for education related purposes for the duration of the parent(s) incapacitation, or until legal guardianship for the child has been established.

Resolution #19-13
RESOLUTION TO MAINTAIN TRUST AND SAFETY FOR LOCAL IMMIGRANTS

WHEREAS, the Santa Cruz County Board of Education and the County Superintendent of Schools are committed to the success of all students and believe that every school site should be a safe and welcoming place for all students and their families, and that all students and their families have access to the services in our schools irrespective of their citizenship or immigration status; and

WHEREAS, the President of the United States has confirmed that ICE is planning deportation raids against immigrant families scheduled to begin as early as July 14, 2019; and

WHEREAS, targeting people who have lived in our country for years and breaking apart families creates fear and mistrust and does not make our communities or our schools safer, as people who fear reporting crimes due to their immigration status, real criminals aren’t brought to justice and our communities are less safe; therefore

BE IT RESOLVED, that teachers, school administrators, and other school staff shall receive training regarding immigration issues, including information on responding to a request from an immigration officer to visit a school site or to have access to a student;

BE IT FURTHER RESOLVED, that the County Superintendent of Schools or designee shall report to the County Board of Education, in a timely manner, any requests for information or access to a school site by an officer or employee of a law enforcement agency for the purpose of enforcing the immigration laws. Such notification shall be provided in a manner that ensures the confidentiality and privacy of any potentially identifying information;

BE IT FURTHER RESOLVED, that the County Board of Education and the County Superintendent of Schools declare that ICE raids in private homes, churches, schools, and service agencies are inhumane, discriminatory and may violate constitutional protections.
