

STUDENT ASSESSMENT

The County Board of Education recognizes that student assessments are an important instructional and accountability tool. Assessment data shall be used to help determine individual students' progress, mastery of academic standards, appropriate placement in Santa Cruz County Office of Education (COE) programs, and/or eligibility for graduation. In addition, program effectiveness and staff evaluations shall, as appropriate, be based in part on indicators of student achievement.

To obtain the most accurate evaluation of student performance, the COE shall use a variety of measures, including COE, state, and/or national assessments. As appropriate, assessment results shall be disaggregated by student subgroup, classroom, grade level, or school site to allow for critical analysis of student needs.

In selecting or developing a district assessment, the County Superintendent of Schools or designee shall examine evidence of its reliability, its validity for the intended purpose and for various student populations, and the extent to which it corresponds to the material that is being taught.

The County Superintendent or designee shall ensure that assessments are administered in accordance with law and the test publisher's directions and that test administration procedures are fair and equitable for all students.

The County Superintendent or designee shall provide professional development or assist teachers and paraprofessional in interpreting and using assessment data to improve student performance and the instructional program.

When COE and school-level results of student assessments are published by the state, the County Superintendent or designee may provide supplementary information to assist parents/guardians and the local community in interpreting test results and evaluating school performance.

Individual Record of Accomplishment

The County Superintendent or designee shall ensure that each student, by the end of grade 12, has an individual record of accomplishment that includes the following: (Education Code 60607)

1. The results of any end-of-course examinations taken
2. The results of any career technical education certification examinations taken

No individual record of accomplishment shall be released to any person, other than the student's parent/guardian or a teacher, counselor, or administrator directly involved with the student, without the written consent of the student's parent/guardian, or the student if he/she is an adult or emancipated minor. The student or his/her parent/guardian may authorize the release of the record of accomplishment to a postsecondary educational institution for the purpose of credit, placement, or admission. (Education Code 60607)
