Budget revisions in January reflect an increase in revenues in the amount of $599,768 and increases in expenditures in the amount of $118,474. The overall result is a net increase to fund balance of $481,295.

Various adjustments were made to revenues and expenditures to be incorporated into the 2nd Interim reporting. Notable adjustments to revenue and expense budgets include district funded Special Education programs, Strong Workforce Program, revised allocations for Federal programs, and grants from Sutter Health and Santa Cruz Community Foundation.

Pacheco Bill Compliance:
One professional services agreement/contract was initiated in January that was in excess of $25,000 and required a budget revision. A professional services agreement with ProCare Therapy to receive services of a contract Special Education teacher during a current staff member’s leave of absence. Contract not to exceed $60,000.00

Business department staff will continue to communicate and work closely with department staff and managers to review revenues, expenditures, and budgets as we continue preparing for 2nd Interim reporting and 2021-22 budget development.

Purpose of the Comprehensive School Safety Plan (CSSP)

Sections 32280-32288 of the California Education Code outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a Comprehensive School Safety Plan relevant to the needs and resources of that particular school.

It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated Comprehensive School Safety Plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses. Comprehensive School Safety Plans are required under SB 719 & AB 115 and must contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan Public Version – Part I is available for review at the Santa Cruz County Office of Education office, and online at .

This Comprehensive School Safety Plan analyzes current safety conditions and school climate. In so doing, the plan describes programs in place at our schools, and defines the strategies and programs in place for continued improvement in providing a safe, orderly, school environment that is nurturing and conducive to learning. Appendices follow the action plan. These Appendices include specific, mandated policies and procedures connected to the safety strategies and programs described within the analysis section.

This plan was developed with input from the SCCOE School Site Council and local law enforcement.

SCHOOL PROFILE

The SCCOE Alternative Education Program consists of 18 separate school sites throughout Santa Cruz County. SCCOE Alternative Education Programs have an ethnically diverse student population and are served by a dedicated and well-trained staff. The SCCOE Alternative Education Program face unique challenges in maintaining a safe school, partly because of the student population we serve and partly because of the fact that our school sites are small, sometimes impermanent, and are located throughout the county.

Findings from the analysis of the data presented above include:

Assessment of School Crime and a Healthy School Climate

School Engagement and Supports
According to the most recent California Healthy Kids Survey (CHKS), 71% of students responded that they "Agree" or "Strongly Agree" that they feel connected to their school community. While this indicator has remained relatively stagnant since the previous survey, there has significant improvements in other key indicators. 84% reported feeling that they had caring adult relationships at school and 87% reported that the adults had high expectations for them. These numbers increased from 49% and 53% respectively. Additionally, academic motivation increased from 30% to 71%. Students will be surveyed again this April.

School Violence, Victimization, and Safety
According to the most recent California Healthy Kids Survey (CHKS), 83% of students responded that they felt either "Safe" or "Very safe" when asked, "How safe do you feel at school?" and only 2% responded with "Unsafe" or "Very unsafe." 13% of SCCOE students surveyed reported being involved in at least one fight during the year and 4% had been threatened or injured with a weapon. While most school violence, victimization, and safety measures remained similar to those in previously surveyed, there were some distinct improvements. 7% reported having had property stolen or damaged at school, which decreased from 11%, and only 5% reported that they had damaged school property on purpose, which decreased from 9% previously. 13% of students reported carrying a gun or some other weapon at school at least once during the year. 12% of students surveyed reported seeing someone else with a weapon on school campus. 7% of students reported that they considered themself a member of a gang. There are two major gangs in the county, Norteños and Sureños. All schools have a dress code to ensure student safety regardless of gang involvement.

Substance Use and Mental Health
Alcohol or drug use among SCCOE Alternative Education students continues to be a challenge, however overall the measures for current alcohol or drug use have declined some over the past few years. According to the California Healthy Kids Survey (CHKS), 44% of students reported current alcohol or drug use compared to 51% the year prior. Similarly, the measure for current heavy drug use went from 40% to 33%. 58% of students surveyed reported having used alcohol at least once in their lifetime and 60% reported having tried marijuana. Furthermore, 6% of Alternative Education students reported having used alcohol at school during a 30-day period and 13% reported using marijuana at school. Marijuana use is a major concern, and school staff coordinate their efforts to prevent use at school and to provide counseling and restorative practices for students who struggle with this issue at home or at school. 18% of students believe that the frequent use of alcohol is not harmful, and 29% believe the same of marijuana. A majority of Alternative Education students report that it is "fairly easy" to "very easy" to obtain either one. Alternative Education offers school options with counseling for students who wish to stop using alcohol and drugs. We provide school services to The Camp Recovery Center in Scott's Valley. Alcohol and Drug Abuse is covered in student Health courses throughout our programs.

SCHOOL SAFETY STRATEGY #1: SCCOE Alternative Education administrators, teachers, families, pupils, support staff, and community members recognize and make appropriate use of the early warning signs related to violence, substance abuse, and other at-risk concerns.

Counseling
The aim of the Santa Cruz COE Alternative Education programs is not only to build academic skills, but also develop life skills, a positive self-concept, appropriate peer relationships, and to help students become productive citizens for the future. Teachers and support staff receive training in the area of conflict resolution and restorative justice. There are social-emotional counselors who work at various sites to support students and staff. To increase services, Alternative Education has contracted with Encompass Youth Services and Children's Behavioral Health to provide additional counseling to our programs and hired a Gang Prevention Counselor as well as a Health and Sex Ed Educator.

Restorative Practices and Conflict Resolution
As part of our commitment to providing alternatives to suspension and expulsion, Alternative Education is committed to relying on Restorative Practices and Conflict Resolution Strategies where ever possible. Restorative Practices seek to repair harm and restore relationships between people and communities. Conflict resolution is used as a method to proactively as well as reactively involve stakeholders, such as students in solving problems through non-violent communication.

Threat Assessment Protocol
The SCCOE realizes that violence can be prevented if enough is known about a students preparatory behavior. Staff at all school sites are trained in Threat Assessment Protocols to ensure that threats of violence or of harm to one’s self are identified and prevented, while at the same time ensuring that students receive the help and support that they need.

SCHOOL SAFETY STRATEGY #2: SCCOE AlternativeEducation Programs utilize supportive, engaging, relevant materials and courses to ensure safe school climates.
Student Groups and Student Leadership
Several school-site and inter-site student groups have been developed over the past couple of years to ensure equity of student voices and in an effort to continue to improve school connectedness. These groups include Student Leadership groups based on activities and on student wellness, as well as an inter-site Gay/Straight Alliance (GSA).

Sports League
The Alternative Education Department participates in the Monterey Bay Alternative Athletic League. Over ten schools participate in competitive team sports including volleyball, basketball and softball. In addition to organized sports, students have the opportunity to participate in health and wellness classes, including Yoga and other soft-form martial arts.

Social Emotional Learning
Educators serve diverse groups of students with different motivations for engaging in learning, behaving positively, and performing academically. Social and emotional learning (SEL) provides a foundation for safe and positive learning, and enhances students' abilities to succeed in school, careers, and life. SEL focuses on five key skills: Self Awareness, Self Management, Social Awareness, Relationship Skills, and Responsible Decision Making. Via Professional Development opportunities, these strategies are incorporated into daily lesson plans.

Healing Centered Engagement Strategies
Healing Centered Engagement recognizes that harm and trauma affect students' abilities to learn and behave. This theory expands how we think about responses to trauma and offers a holistic approach to fostering well-being in our students.

Experiential Education Opportunities
We believe that students learn best and are at their best when they are engaged with relevant material. We seek through a number of partnerships to provide a diverse set of course offerings and opportunities. Partnerships, courses, and opportunities include, but are not limited to: California Poets in the Schools, William James Artist Association, Santa Cruz Arts Council, The Forestry Challenge, Digital Nest, CTEP construction, Agriculture, and other courses, Boat Building, Restoration, and Nautical Science, as well as Yoga and Mindfulness.

College Readiness and Dual Enrollment
Students are encouraged to dual-enroll in community college courses, and three of our school programs are located directly on Community College Campuses.

SCHOOL SAFETY STRATEGY #3: Effective procedures will be followed to maintain a safe physical plant and school site.

School Supervision and Maintenance of Buildings/Classrooms
During the school day, staff members and administrators provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns. All staff members are responsible for supervision during break and lunch times. Students are allowed to leave the classrooms on a limited basis to minimize the risks of unsupervised activity. It is the practice of SCCOE Alternative Education Program to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are promptly addressed and repaired. Where possible, students participate in campus beautification activities (i.e. planting flowers/vegetable gardens, painting, cleanup, etc.) to increase student awareness of and interest in maintaining the school buildings and grounds. Such school beautification projects have been taken on at a number of school sites through The SCCOE Career and Technical Education Partnership (CTEP).

The school's physical facilities are well maintained and generally appear neat and clean. The school sites are painted on a cyclical basis and renovated as needed. District personnel annually examine the school's physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety. The classrooms are monitored for safety and appearance by the administration and individual classroom teachers. Additionally, a full inspection of sites, paying specific attention to potential hazards, has been conducted.

The SCCOE Alternative Education Program:
• Operates closed campuses, where pupils must have permission to leave the campus during school hours.
• Has closed off all unused areas of the school;
• Has minimized blind spots around each school facility.
• Has installed alarm systems on campuses where appropriate.
• Has made it a priority to keep buildings clean and maintained.
• Has located its recreation areas where they are easily observed.
• Has limited roof access by keeping dumpsters away from building walls.
• Keeps trees and shrubs closely trimmed to limit outside hiding places for people or weapons.
• Keeps the school grounds free of debris and loose rock surfaces.
• Keeps a complete list of staff members who have keys to building(s).
• Does not allow graffiti to remain on walls. The procedure involves following the three “R’s” after discovery of graffiti—Read, Record (i.e. photograph or videotape) and Remove. Inflammatory bathroom graffiti is removed daily upon discovery.
• Provides maximum supervision in heavy traffic areas.
• Has relocated staff to be in proximity of typical trouble spots (e.g. relocate a counselor’s office next to a corridor where problems have occurred.
• Offers some school-or-community-based activities for students. However, students might benefit from an expansion of after school activities.
Child Abuse Reporting Procedures

(EC 35294.2 [a] [2]; PC 11166)

All school staff members actively monitor the safety and welfare of all students. Staff members understand their responsibility as child-care custodians and will immediately report all cases of known and suspected child abuse pursuant to Penal Code Section 11166. District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

Penal Code 11166. (a) Except as provided in subdivision (d), and in Section 11166.05, a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow up report within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any non-privileged documentary evidence the mandated reporter possesses relating to the incident.

Plans are also completed to assure ongoing monitoring of the student. School staff work closely with police and Child Protective Services with follow up actions as needed. Considerable effort is made to maintain the confidentiality of the student and employee in all cases of child abuse reporting. Copies of all written reports are maintained in a confidential file in the principal’s office. Board Policy 5141.4 addresses Child Abuse Prevention and Reporting and is included in the Appendix of the Comprehensive School Safety Plan.

The SCCOE Alternative Education Program maintains a copy of the LEA’s Child Abuse Reporting Procedures in the main office. A copy of the Procedures is available in the Policies and Procedures section at the end of this document. Also included is a copy of the Child Abuse Reporting Form. Procedures include a description of reportable conditions, a list of mandatory reporters, deadlines for reporting, information on how to report and what to include. Also included in the Procedures is an explanation of protections afforded to Mandatory Reporters, as well as an explanation of liabilities for failing to report. All educators complete an online Mandated Reporter training, annually at the start of the school year.

Procedures for Emergency Use by Public Agency – BP 3516
As documented in Board Policy 3516, public agencies, including the American Red Cross, have permission to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board will cooperate with such agencies in furnishing and maintaining whatever services they deem necessary to meet the community’s needs. Board Policy 3516 is included in the Appendix.

Upon request by the office of Emergency Services or other valid authority and upon approval by the superintendent, public agencies may be authorized to use school buildings, grounds, and equipment for mass care and welfare shelters during an emergency which affects public health or welfare.

Suspension/Expulsion Policies – BP 5144.1
As documented in Board Policy 5144.1, the school desires to provide students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. Rules and regulations set the standards of behavior expected of students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion. Board Policy 5144.1 is included in the Appendix.

Pupils may be suspended, transferred to another school, or recommended for expulsion for certain acts. However, wherever possible, the COE Alternative Education program favors the use of alternatives to suspension and expulsion, embracing the tenets of Restorative Justice and Conflict Resolution. (See Rules and Procedures for School Discipline section for more information)

Procedures to Notify Teachers of Dangerous Pupils – BP 5148
As documented in Board Policy 5148, the Superintendent or designee shall ensure that employees are informed, in accordance with law, regarding crimes and offenses by students who may pose a danger in the classroom. Board Policy 5148 is included in the Appendix.

Teacher Notice of Disciplinary History
The Office of Child Welfare and Attendance shall provide to the administration of The SCCOE Alternative Education Program, information on each pupil who has: (1) during the previous three school years, engaged in any suspendable or expellable act (except E.C. 48900 (h)) or (b) committed a crime reported to the District by a family member, local law enforcement, Probation Department or social services. This information is used to develop awareness, assigning appropriate discipline consequences, help in allocating resources, and is a factor in determining which services are provided to the pupil or recommended to the parent/guardian.
Gang Affiliation
The staff at SCCOE Alternative Education Program work closely with Broad Based Apprehension Suppression and Treatment and Alternatives (BASTA) and with the local law enforcement/Gang Unit regarding all issues and matters that are gang related. Information from the school and the community are communicated to the student's parents, if a pupil begins to make gang affiliations. Appropriate prevention and intervention strategies and programs are offered to the families. Staff training in Gang Awareness/Prevention/Intervention is provided annually.

Nondiscrimination/Harassment Policy – BP 5145.3
As documented in Board Policy 5145.3, the Board of Education desires to provide a safe school environment that allows all students equal access and opportunities in the district’s academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and/or bullying of any student, based on actual or perceived characteristics of race or ethnicity, color, nationality, national origin, ethnic group identification, age, religion, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55, or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics. Board Policy 5145.3 is included in the Appendix.

Strategies and programs unique to Santa Cruz County Office of Education that provide a safe school environment for all students, including specifically for LGBTQ students.

A major source of conflict in many schools is the perceived or real problem of bias and unfair treatment of students because of ethnicity, gender, race, social class, religion, disability, nationality, sexual orientation, physical appearance, or some other factor. Effective schools convey the attitude that all children can achieve academically and behave appropriately, while at the same time appreciating individual differences. Effective schools communicate to students and the greater community that all children are valued and respected.

In order to maximize the successful education of all students and help them become productive citizens and lifelong learners in a diverse society, all individuals including student, parents, staff and community members:

- Shall be treated with dignity, respect and fairness;
- Shall encourage and maintain high expectations;
- Shall model an appreciation for socio-economic, cultural, ethnic, gender and religious diversity; and
- Shall contribute to an environment of mutual respect, caring and cooperation.

Students, parents, staff and community members shall join together to share a sense of belonging and take pride in our schools, facilities and programs through participation and cooperation in support of the education of all students.

A copy of the “Parent/Guardian Rights Handout” is provided to each parent/student annually or upon enrollment. This handout includes information pertaining to student rights to physical safety, to the protection of personal property, to respect from adults, and to be free of discrimination on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The LEA’s policies on nondiscrimination and sexual harassment support these protections and serve to promote the fair treatment of all children.

Dress Code – BP 5132
As documented in Board Policy 5132, the Board of Education believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process. Students are prohibited from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Board Policy 5132 is included in the Appendix.
Each school site has developed a dress code to prohibit gang-identified colors or symbols, clothing that displays/glorifies violence or drug/alcohol use, and clothing that is inappropriate for the school environment. The dress code is reviewed regularly and guidelines are presented to students and parents annually and upon enrollment. The goals of the dress code are to minimize conflict among students and minimize distractions in the classroom.

**Rules and Procedures for School Discipline – BP 5144**

As documented in Board Policy 5144, the Board of Education is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

**Discipline Policy and Code:**

Effective and safe schools, develop, and consistently enforce, school-wide rules that are clear, broad-based, and fair. School safety can be enhanced by the development of a school-wide disciplinary policy that includes a code of conduct, specific rules and consequences that can accommodate student differences on a case-by-case basis when necessary. Discipline consequences should be commensurate with the offense, should be written, applied in a nondiscriminatory manner, and accommodate cultural diversity. Direct teaching, social problem solving, and social decision-making is now a standard feature of effective drug and violence prevention programs.

Students can also be a good source of information. Peers often are the most likely group to know in advance about potential school violence. Information provided to staff by students will be taken seriously and handled in a sensitive, timely manner to minimize risk to the student who revealed it, and to assess the threat and respond appropriately.

The SCCOE Alternative Education Program uses both classroom and school-wide discipline codes that clearly communicate the behavioral expectancies and consequences for students. The SCCOE Alternative Education Program has developed plans to promote positive behaviors on playing fields, in break areas, hallways, and assembly areas.

The Rules and Procedures for School Discipline Including Suspensions and Expulsions:

Discipline procedures focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school’s discipline plan begins at the classroom level. Teachers use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil’s misbehavior. Frequent communication with parents occurs in order to apprise them of issues as soon as possible to encourage their support and assistance in the resolution of the problem, and to communicate shared responsibility for student behavior. Some sites provide students and parents with a site-specific school handbook that includes school rules.

Pupils may be suspended, transferred to another school, or recommended for expulsion for certain acts. However, whenever possible, the COE Alternative Education program favors the use of alternatives to suspension and expulsion, embracing the tenets of Restorative Justice and Conflict Resolution. According to West Ed: "Restorative Justice is a broad term that encompasses a growing social movement to institutionalize peaceful and non-punitive approaches for addressing harm, responding to violations of legal and human rights, and problem solving." RJ has been used extensively both as a means to divert people from official justice systems, and as a program for convicted offenders already supervised by the adult or juvenile justice system." In the school setting, it often serves as an alternative to traditional discipline, particularly exclusionary disciplinary actions such as suspension or expulsion. RJ proponents often turn to restorative practices out of concern that more exclusionary disciplinary actions tend to be associated with harmful consequences for children.
Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The Director uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079. Staff is kept informed with current information pertaining to high-risk students. In addition, the probation department provides school administration with specific confidential notice regarding relevant offenses.

When weapons of dangerous objects are involved, law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. SCCOE Alternative Education Program employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse. Child Abuse reporting regulations and procedures are routinely reviewed with staff and counselors designated to assist in case a report needs to be filed.

Cell phones are used at school sites to promote staff communication and increase site security.

**Bullying Prevention – BP 5131.2**

As documented in Board Policy 5131.2, the Board of Education is committed to creating a safe learning and working environment for all students and employees. The Board of Education recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or groups of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel. Board Policy 5131.2 is included in the Appendix.

Strategies and programs unique to Santa Cruz County Office of Education that prevent bullying for all students, including specifically for LGBTQ students.

The Santa Cruz County Office of Education participates in the Safe Schools Project, which provides a wide range of services to schools, school districts and related organizations. Professional staff is available to provide school district wide or school related professional learning experiences ranging from safe and inclusive school visioning, policy development, workshops, professional development days, staff meetings, one on one teaching guidance, curriculum development, and institutes – and we can provide this in person or online. We can provide this guidance for administrators, teachers, support staff, counselors and parents. The LGBTQ School Taskforce was recently created under this project as well.

**Positive School Climate – BP 5137**

As documented in Board Policy 5137, the Board of Education desires to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe and take pride in their school and their achievements. The school environment should be characterized by positive interpersonal relationships among students and between students and staff.

The district’s curriculum shall include age-appropriate character education which includes, but is not limited to, the principles of equality, human dignity, mutual respect, fairness, honesty, and citizenship. The Superintendent or designee may develop other strategies to enhance students’ feelings of connectedness with the schools, such as campus beautification projects, graffiti removal, development of extracurricular activities and after-school programs, pairing of adult mentors with individual students, recognition of student achievement, and encouragement of strong family and community involvement in the schools. Board Policy 5137 is included in the Appendix.

**The School’s Social Environment**

Leadership at SCCOE Alternative Education Programs is a shared process. A proactive role is assumed in all phases of the
school operation. The Senior Director sets a positive tone for the school, guides the staff, and works closely with them on curriculum and school safety issues. The school site’s organizational structure is open and flexible, contributing to sensitivity concerning school safety issues and promoting a safe, orderly school environment conducive to learning.

Classroom Organization and Structure
The SCCOE Alternative Education Program teachers provide a variety of learning environments in their classrooms. Teachers use a variety of teaching strategies including: projects, presentations, hands-on activities, portfolios, journals, creative writing, art, displays or other creative teaching strategies that optimize student success in the classroom and promote a high degree of engagement. Collaborative learning and peer tutoring are also employed to facilitate language development and social skills. Collaboration with the local universities (CSUMB/UCSC) provides volunteers to work with students to expand curricular offerings.

The teachers at the SCCOE Alternative Education Program are highly qualified, with many teachers holding advanced degrees. The staff is united in their desire to provide quality education for all pupils. Classrooms and teachers provide safe, orderly learning environments, enhance the experience of learning, and promote positive interactions amongst pupil and staff. Instructional time is maximized and disruptions are minimized. Site staff members meet regularly to discuss individual student progress.

The School’s Cultural Environment
There is a high level of cohesiveness among the staff members at SCCOE’s Alternative Education Program. Cooperation and support between teachers and the administration is evident. Efforts are made by the administration and staff to show concern for all students. Staff works hard to promote acceptance and tolerance among students, and to establish trust and respect among students and staff, encouraging buy-in by students in to the school program.

The academic and behavior efforts of students are recognized and rewarded. Students receive awards such as "Student of the Week" acknowledgements. Exceptional work is displayed in the classrooms, and students are praised often for positive effort and behavior.

Cultural diversity is celebrated throughout the year, and visiting visual and performing artists are invited to work with students at a number of school sites. It has been suggested that the COE consider ways to increase opportunities for such participation across sites, and that schools with higher rates of suspension and criminal reporting receive first priority. English language development is included across the curriculum to encourage communication skills among students learning English as a second language.

SCCOE Alternative Education Programs Provide:
• Small class sizes
• Success-oriented instructional practices
• Valuable community partnerships
• Effective student intervention strategies
• Well-rounded educational opportunities
• Youth employment and Career and Technical Education opportunities
• Character Education
• Effective policies and procedures related to student safety

SCHOOL CLIMATE STRATEGY#1: SCCOE Alternative Education administrators, teachers, families, pupils, support staff, and community members recognize and make appropriate use of the early warning signs related to violence, substance abuse, and other at-risk concerns.

Counseling
The aim of the Santa Cruz COE Alternative Education programs is not only to build academic skills, but also develop life
skills, a positive self-concept, appropriate peer relationships, and to help students become productive citizens for the future. Teachers and support staff receive training in the area of conflict resolution and restorative justice. There are social-emotional counselors who work at various sites to support students and staff. To increase services, Alternative Education has contracted with Encompass Youth Services and Children's Behavioral Health to provide additional counseling to our programs and hired a Gang Prevention Counselor as well as a Health and Sex Ed Educator.

Restorative Practices and Conflict Resolution
As part of our commitment to providing alternatives to suspension and expulsion, Alternative Education is committed to relying on Restorative Practices and Conflict Resolution Strategies where ever possible. Restorative Practices seek to repair harm and restore relationships between people and communities. Conflict resolution is used as a method to proactively as well as reactively involve stakeholders, such as students in solving problems through non-violent communication.

Threat Assessment Protocol
The SCCOE realizes that violence can be prevented if enough is known about a students preparatory behavior. Staff at all school sites are trained in Threat Assessment Protocols to ensure that threats of violence or of harm to one's self are identified and prevented, while at the same time ensuring that students receive the help and support that they need.

SCHOOL SAFETY STRATEGY #2: SCCOE AlternativeEducation Programs utilize supportive, engaging, relevant materials and courses to ensure safe school climates

Student Groups and Student Leadership
Several school-site and inter-site student groups have been developed over the past couple of years to ensure equity of student voices and in an effort to continue to improve school connectedness. These groups include Student Leadership groups based on activities and on student wellness, as well as an inter-site Gay/Straight Alliance (GSA).

Sports League
The Alternative Education Department participates in the Monterey Bay Alternative Athletic League. Over ten schools participate in competitive team sports including volleyball, basketball and softball. In addition to organized sports, students have the opportunity to participate in health and wellness classes, including Yoga and other soft-form martial arts.

Social Emotional Learning
Educators serve diverse groups of students with different motivations for engaging in learning, behaving positively, and performing academically. Social and emotional learning (SEL) provides a foundation for safe and positive learning, and enhances students' abilities to succeed in school, careers, and life. SEL focuses on five key skills: Self Awareness, Self Management, Social Awareness, Relationship Skills, and Responsible Decision Making. Via Professional Development opportunities, these strategies are incorporated into daily lesson plans.

Healing Centered Engagement Strategies
Healing Centered Engagement recognizes that harm and trauma affect students abilities to learn and behave. This theory expands how we think about responses to trauma and offers a holistic approach to fostering well-being in our students.

Experiential Education Opportunities
We believe that students learn best and are at their best when they are engaged with relevant material. We seek through a number of partnerships to provide a diverse set of course offerings and opportunities. Partnerships, courses, and opportunities include, but are not limited to: California Poets in the Schools, William James Artist Association, Santa Cruz Arts Council, The Forestry Challenge, Digital Nest, CTEP construction, Agriculture, and other courses, Boat Building, Restoration, and Nautical Science, as well as Yoga and Mindfulness,
College Readiness and Dual Enrollment
Students are encouraged to dual-enroll in community college courses, and three of our school programs are located directly on Community College Campuses.

SCCOE Alternative Education Programs Plan To:
- Continue to involve visiting professional artists from The William James Society, California Poets in the Schools, Shakespeare Santa Cruz and the Distinguished Artist, Concert and Lecture Series of Cabrillo College at all school sites, giving first priority to schools with higher rates of suspensions and criminal reporting.
- Provide ongoing training in Reading With Relevance Program at the middle school and high school level, especially for new teachers.
- Continue with a Professional Development Plan that centers on Equity.
- Increase levels of Career Technical Education available to students.
- Continue to strengthen the Alternative Education/Probation Partnership to ensure student safety.
- Increase Social/Emotional counseling at all school sites with a specific focus on conflict resolution.
- Increase student and parent involvement through school open house and student recognition ceremonies.
- Provide School Handbooks to all students at all sites.
- Provide ongoing staff training Conflict Resolution, Restorative Practices, and Violence Prevention

Describe roles and responsibilities of mental health professionals, school counselors, and school resource officers in these strategies and programs, if applicable.

Strategies and programs unique to Santa Cruz County Office of Education that create a positive school climate for all students, including specifically for LGBTQ students.

Character Based Curriculum
The SCCOE Alternative Education Program utilizes the Character Based Literacy Program designed by the Markkula Center for Applied Ethics at Santa Clara University. The curriculum is designed specifically for court and community school students. It is standards-based, designed to provide students with access to grade-level texts and at the same time to provide students with pro-social values, thoughts, and skills. This is a valued program and it is suggested that it be continued while seeking ways to connect it with strategies consistent with English Language Development (ELD). CBL has also been bolstered this year with the Reading With Relevance Program, which, according to the CDE, 
"...portrays accurately and equitably the cultural and racial diversity of American society."

Differentiated Instructional Strategies
SCCOE Alternative Education classrooms are success-oriented. Many students attending court and community schools have experienced limited school success during their careers. Alternative Education seeks to assess individual student needs and assets and to design instruction to ensure maximum individual student success. Strategies for differentiation include computer aided instruction and remediation, interest, ability level, and learning style groupings, tiering texts, utilizing learning centers, varying time allotments, compacting assignments and tiering learning products.

Youth Employment and Vocational Training
Further promotion of social skills and citizenship takes place during vocational courses, such as Career Search, Job Search, Work Experience and Career and Technical Education (CTE) courses. Such real world, work-related courses have been proven to improve behavior and to lower the dropout rate, especially among at-risk students. Students also have the opportunity to take Career and Technical Education (CTE) courses on neighboring high school campuses and also to concurrently enroll in classes vocational or otherwise at Cabrillo Community College. The School Site Council and the School Safety Committee agree that students would certainly benefit from an expansion of all of these
programs.

Fitness, Health, and Wellness
The SCCOE Alternative Education Program continues to work with local districts as well as those in adjacent counties to maintain a model and successful Alternative Education Sports League. Students have the opportunity to compete throughout the year against other schools in volleyball, basketball, softball and soccer. Cooperation, responsibility to self and others, as well as sportsmanship are always the emphasis.

Additionally, The Alternative Education Programs partner with other agencies to provide programming in Yoga, Mindfulness, and a number of soft-form Martial Arts.

Every student is required to take a five-unit health course to graduate. As drug and alcohol use and abuse continues to be a school safety issue, the Safety Committee suggests that a unit on the social and scientific effects of alcohol and drug use may prove advantageous to students as a further preventive measure and that the COE continue to strengthen its relationship with Encompass Counseling agency.

Art, Music, and Literature Enrichment Programs
Alternative Education believes that all students deserve a well-rounded education. We feel that Visual and Performing Arts are an integral part to such a liberal education. One purpose of art is to foster creativity. It is with creativity that we as a democratic society are able to continue to construct future possibilities, to grow, improve, and evolve. It is through empathy, the ability to experience something or someone as if you were that object or person, that we are able to construct a future universe and society that is inclusive rather than exclusive. Simply put, Art teaches us to make sense of things as they are and to imagine them as they might be.

Beyond these goals lie the simple observable facts that art is calming, meditative, and therapeutic. Art draws students in, quiets their minds, and allows for personal and unique expression and exploration, providing another opportunity to deal with those issues that are most pressing. According to the State framework on Visual and Performing Arts, students participating in Fine Art curricula are more likely to achieve highly and are less likely to drop out of school.

We rely on expertise in our Visual and Performing Arts Programs, and we address the five artistic strands within The Standards: artistic perception; creative expression; historical and cultural context; aesthetic valuing; and connections, relationships, and applications. We are partnered with several organizations employing professional artists. We partner with William James for the Visual Arts. These organizations provide local, professional artists to our schools. The artists teach Art History and Artistic Expression, allowing students to explore and create art, and make sense of the art world through the use of different media and techniques. For many of our students, this is their first exposure to classical art. Also of note, is our relationship with California Poets in the Schools. CPITS provides on-site professional writers who teach creative writing and poetry to students.

For the Performing Arts, we partner with Shakespeare Santa Cruz and the Distinguished Artist, Concert and Lecture Series of Cabrillo College. Shakespeare Santa Cruz is a theatrical troupe that brings Shakespearean plays, and their understanding and appreciation into schools. Each year, Shakespeare Santa Cruz provides several performances to our schools at minimal cost. Cabrillo The Distinguished Artist, Concert and Lecture Series of College brings groups of musicians from around the globe into our schools to provide students with new experiences, an expanded body of knowledge, and broader understanding of cultural diversity through exposure to music.

Student Recognition Programs
The SCCOE Alternative Education Program offers several recognition and award programs at every school site to promote positive academic and behavioral goals and to enhance the self-esteem of students. Ceremonies include academic, sports-related, and community-based recognitions. The largest and most significant recognition ceremony takes place at graduation, celebrated twice yearly, in January and June.

Preventing and Intervening: Pupil Aggressive Behavior
Creating a safe school requires having in place many preventive measures for children’s mental and emotional problems. Schools can reduce the risk of violence by teaching children appropriate strategies for dealing with feelings, expressing anger in appropriate ways, and resolving conflicts. The committee concurs that a continued focus on the use of Conflict Resolution and Restorative Practices, along with an emphasis on Social Emotional Learning and Healing-Centered Engagement strategies would be beneficial.

Uniform Complaint Procedure – BP 1312.3
As documented in Board Policy 5137, the Board of Education recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages early resolution of complaints whenever possible. To resolve complaints which may require a more formal process, the Board adopts the uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation. Board Policy 1312.3 is included in the Appendix.

Strategies and programs unique to Santa Cruz County Office of Education that encourage early resolution of complaints for all students, including specifically for LGBTQ students.

All students are expected to behave in a manner that promotes safety and order. Students are encouraged to bring problems to the Senior Director, Directors, counselor, teacher, or other staff members. The everyday goal is for the staff to be proactive rather than reactive in all situations of concern. Frequent staff communication encourages dissemination of information among the staff about potential areas of concern. Professional Development on Restorative Practices has been provided to all teachers and staff as strategy and program for resolving conflict among students.

Protocols to Address Mental Health Care of Pupils Who Have Witnessed a Violent Act
Pupils who have witnessed a violent act at school or at a school-sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found both positively and significantly associated with child psychological trauma symptoms and self-reported violent behavior, even after controlling for the effects of various demographic factors. Serious emotional and behavioral consequences can occur for students who are merely witnesses to violence (Flannery, D. J., Wester, K. L., & Singer, M. I., 2004).

Mental Health Programs
Assigned to the SCCOE Alternative Education Program are a school psychologist and five school counselors and five intern counselors. Alternative Education programs contribute to mental health goals through individual and small group counseling, referral to outside agencies as necessary, site-specific counseling to address common group needs at individual school sites. In incidences of possible suicide, school/district psychologist or police crisis response units shall be contacted.

Suicide Prevention: Policies and procedures are in place for suicide prevention, assessment, crisis interview and intervention, and communication with parent. However, a review of policies and procedures during staff development time might prove advantageous.

Grief Counseling: Policies and procedures are in place to provide debriefing and grief counseling following any school-related incident.
Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees to and from school

In an effort to assure the safety and welfare of students, parents, and visitors to Santa Cruz County Office of Education, the following procedures should be followed when traveling to and from the school site:

- Daily Bus Drop-off & Pick-up at School:
- Students Walking to School:
- Students and Adults visiting the school site after hours or on weekends:

A set of school maps indicating safe entrance and exit areas for pupils, parents and school employees is available in the main office. Site specific maps are posted at the exits of each school.

To ensure the safety of pupils and staff, all visitors to the campus, except pupils of the school and staff members, shall register immediately upon entering any school building or grounds when school is in session. Signs indicating the location of the office are displayed in prominent locations for the public. Students are provided with ID cards to provide easy identification to staff and law enforcement personnel. ID cards are routinely updated to provide the most current photograph of the student, and lost cards can be readily replaced.

An administrator, designee, or lead teacher may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act.

The SCCOE Alternative Education Program will, when appropriate, exercise the authority to remove a visitor or outsider from the campus. Law enforcement is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

The SCCOE Alternative Education Program notice and removal system establishes sufficient documentation for civil law remedies as needed. For continuing disruptive behavior by a visitor or outsider, The SCCOE Alternative Education Program shall contact the district office to determine whether to file for a temporary restraining order and injunction.

SCCOE Alternative Education Program Educators actively supervise student departures and arrivals, placing themselves strategically at pick-up points and bus stops. Arrival and dismissal times are staggered at sites in close proximity to each other to ensure safety. SCCOE Education Program Educators keep law enforcement apprised of any schedule changes.

The COE’s instructional program shall include age appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain the student’s right to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also may include training in self-protection techniques.

The County Superintendent or designee shall seek to incorporate community resources into the COE’s child abuse prevention programs. To the extent feasible, the County Superintendent or designee shall use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

The County Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

Employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for investigating and prosecuting cases of child abuse and neglect.

In the event that training is not provided to mandated reporters, the County Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)

The Santa Cruz County Superintendent of Schools desires to provide a safe and orderly work environment for all employees. As part of the Santa Cruz County Office of Education’s comprehensive safety plan, the County Superintendent or designee shall develop strategies for protecting employees from potentially dangerous persons and situations and for providing necessary assistance and support when emergency situations occur.

Any employee against whom violence or any threat of violence has been directed in the workplace shall notify the County Superintendent or designee immediately. As appropriate, the County Superintendent or designee shall initiate legal and security measures to protect the employee and others in the workplace.

The County Superintendent or designee may pursue legal action on behalf of an employee against a student or their parent/guardian to recover damages to the employee or their property caused by the student's willful misconduct that occurred on Santa Cruz COE property, at a school or COE activity, or in retaliation for lawful acts of the employee in the performance of their duties. (Education Code 48904, 48905)

The County Superintendent or designee shall ensure that employees receive training in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication techniques, procedures for responding to an active shooter situation, and crisis resolution.

The County Superintendent or designee also shall inform teachers, in accordance with law, of crimes and offenses committed by students who may pose a danger in the classroom. (Education Code 48201, 49079; Welfare and Institutions Code 827)

Use of Pepper Spray
Employees shall not carry or possess pepper spray on school property or at school activities, except when authorized by the County Superintendent or designee for self-defense purposes. When allowed, an employee may only possess pepper spray in accordance with administrative regulations and Penal Code 22810. Any employee who is negligent or careless in the possession or handling of pepper spray shall be subject to appropriate disciplinary measures.

**Reporting of Injurious Objects**

The County Superintendent requires employees to take immediate action upon being made aware that any person is in possession of a weapon or unauthorized injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use their own judgment as to the potential danger involved and shall do one of the following:

1. Confiscate the object and deliver it to the principal or designee immediately
2. Immediately notify the principal or designee, who shall take appropriate action

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. DRESS AND GROOMING

The Santa Cruz County Board of Education believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

(cf. 4119.22/4219.22/4319.22 - Dress and Grooming)

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

(cf. 5145.3 - Nondiscrimination Harassment)
(cf. 5145.7 - Sexual Harassment)

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 0415 - Equity)
(cf. 5145.2 - Freedom of Speech/Expression)

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Adopted: November 19, 2020
Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

(cf. 5144 - Discipline)

Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

(cf. 0450 - Comprehensive Safety Plan)
(cf. 5136 - Gangs)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

COURT DECISIONS
Jacobs v. Clark County School District (2008) 26 F. 3d 419
827 F.Supp. 1439

Adopted: November 19, 2020
DISCIPLINE

The County Board of Education desires to provide a safe, supportive, and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The County Board believes that high expectations for student behavior, use of effective school and classroom management strategies, and parent involvement can minimize the need for discipline.

The County Superintendent of Schools or designee shall approve for each school, a complement of effective, age-appropriate strategies for correcting student behavior. Such strategies may include, but are not limited to, conferences with students and their parents/guardians; use of study, guidance, or other intervention-related teams; enrollment in a program teaching pro-social behavior or anger management; and participation in a restorative justice program. Staff shall use preventative measures and positive conflict resolution techniques whenever possible. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as suspension and expulsion, shall be imposed only when required by law and when other means of correction have failed. (Education Code 48900.5)

County Board policies and administrative regulations shall outline acceptable student conduct and provide the basis for sound disciplinary practices.

The administrative staff at each school may develop disciplinary rules to meet the school’s particular needs. However, the rules shall be consistent with law, County Board policy, and administrative regulations. The County Board may review, at an open meeting, the approved school discipline rules for consistency with County Board policy and state law. (Education Code 35291.5)

At all times, the safety of students and staff and maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student’s behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student’s health and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the Santa Cruz County Office of Education’s nondiscrimination policies.

The County Superintendent or designee shall provide professional development as necessary to assist staff in developing consistent classroom management skills,
implementing effective disciplinary techniques, and establishing cooperative relationships with parents/guardians.

The County Superintendent or designee may report to the County Board regarding disciplinary strategies used in each school in the immediately preceding school and their effect on student learning.

**Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. (Education Code 49901)

However, corporal punishment does not include any pain or discomfort suffered by a student as a result of his/her voluntary participation in an athletic or other recreational competition or activity. In addition, an employee's use of force that is reasonable and necessary to protect himself/herself, students, staff, or other persons, to prevent damage to property, or to obtain possession of weapons or other dangerous objects within the control of the student is not corporal punishment (Education Code 49901)

*Adopted: 10/16/2014*
BULLYING

The County Board of Education recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

(cf. 5145.3 - Nondiscrimination/Harassment)  
(cf. 5145.7 - Sexual Harassment)

Examples of Prohibited Conduct

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational, involves repetition or potential repetition of a deliberate act, and includes, but is not limited to, any act described in Education Code 48900(r).

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of prohibited conduct that may constitute bullying include, but are not limited to:

1. Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures

2. Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

3. Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

Measures to Prevent Bullying

The County Board encourages the involvement of students, parents/guardians, staff, social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

The County Board incorporates any strategies developed by the County Superintendent of Schools implementing this policy, which may include, but are not limited to:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

2. Providing to students, through student handbooks and other age-appropriate means, information about county office of education (COE) and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias

5. Annually notifying COE employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

UNIFORM COMPLAINT PROCEDURES

The Governing Board recognizes that the COE has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The COE shall investigate complaints alleging failure to comply with such laws and/or alleging discrimination, harassment, intimidation or bullying and shall seek to resolve those complaints in accordance with the uniform complaint procedures.

The COE shall follow uniform complaint procedures to resolve any complaint alleging unlawful discrimination, harassment, intimidation or bullying in COE programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Penal Code 422.55, or Government Code 11135, or based on association with a person or group with one or more of these actual or perceived characteristics.

Uniform complaint procedures shall also be sued when addressing complaints alleging the district’s failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and with state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and career technical and technical training programs, child care and development programs, child nutrition programs, and special education programs.

The Board acknowledges and respects every individual’s right to privacy. Discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This may include keeping the identity of the complainant confidential, as appropriate and except to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee, on a case-by-case basis.

The County Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.

The County Board encourages the early, informal resolution of complaints at the site level whenever possible.

The County Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with uniform complaint procedures, whenever all parties to a complaint agree to try resolving their problem through mediation, the Superintendent or designee shall initiate the process. The
Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.

The COE’s Williams uniform complaint procedure, AR 1312.4, shall be used to investigate and resolve any complaint related to the following:

Policy SANTA CRUZ COUNTY OFFICE OF EDUCATION
Dear Parent/Guardian,

Santa Cruz County Office of Education's mission is to provide an excellent education for all students. To achieve this, we capitalize upon a unique partnership among teachers, support staff, parents, and community and create powerful learning opportunities that challenge all students to: meet the District's standards of excellence, become ethical leaders in school and community, and make positive contributions to a diverse and changing world.

As the world changes, access to a technological suite of tools is consistently utilized to promote literacy, encourage critical thinking, as well as obtain the collaboration skills required of a future ready learner. This infusion of technology is shifting the way teachers teach and student learn. Supporting the diverse learning needs of our students is recognized as a key element to students achieving academic success. The effective use of technology is an integral part of this. It should help build depth to learning in a manner that all students can access. As students learn to use these tools effectively and ethically, and as they are exposed to a variety of inquiry based activities, guided by their teachers, they then become prepared with the skills and knowledge to make positive contributions to the world.

To assist students with these skills, the Santa Cruz COE has equipped each student with a Gsuite for Education (GoogleEDU) Account where students have access to safe and secure online accounts that are compliant to all federal privacy laws. These accounts provide students access to the following significant tools:

- Learning Management System (Google Classroom)
- Email communication tool - ability to communicate with teachers and peers
- Office Productivity (Word processing, spreadsheets, multimedia presentations, and drawing tools)
- Calendar
- Websites and Digital Portfolios
- Online assignment submission
- Automation tools such as collaborative bookmarking of research

These core applications allow for accessibility in school, at home, at the library, and anywhere else there in internet access.

E 6163.4(b)
STUDENT USE OF TECHNOLOGY (continued)

Students may also be asked to utilize their secure G Suite account for instructional and appropriate third-party application for single-sign-on access. Student accounts can be monitored and accessed by administrators at any time. Teachers also have access to monitor their online files, websites, and emails. We encourage you to talk to their children about effective online behavior citizenry as well the applications they are currently using in their classes. If you would like to discuss any of these applications and/or you would like to opt-out and discuss alternative ways to access assignments you may contact Assistant Superintendent.

Santa Cruz County Office of Education community works to ensure technology is vetted and meets standards aligned to the following laws with the ultimate goal of keeping students safe:

- The Family Educational Rights and Privacy Act (FERPA)
- Children's Online Privacy Protection Act (COPPA)
- Children's Internet Protection Act (CIPA)
- Protection of Pupil Rights Amendment (PPRA)
- Student Online Personal Information Protection Act (SOPIPA)
- AB1584

Learn more about Federal student privacy laws and/or California specific student privacy.

With all the content filters, laws, and safeguards in place, the District cannot guarantee that students will not access inappropriate materials either accidentally or due to misuse.

Santa Cruz County Office of Education recommends initiating conversations with your student in regards to all aspects of technology and digital information including:

- Internet Safety
- Digital Footprint and Reputation

Common Sense Media provides many resources, tips, guides, media reviews, and research related to students' technology use and access to media. We encourage you to peruse the site.

The partnership between parents, students and teachers is vital in supporting an environment of rich learning experience. Therefore, we ask that you read the Agreement for Technology Use together with your students. You will be asked to mark off that you and your student will follow the rules on your registration form.

Select the appropriate Agreement below to review with your child:
- Agreement for Technology Use - TK-5
- Agreement for Technology Use - 6-12

Agreement for Technology Use - 6-12

It is important to use technology tools at school responsibly and in the way my teacher has demonstrated. I also understand that I am a member of the 6-12 community and my actions must represent a citizen who demonstrates Collaboration, Integrity, and Respect towards all individuals and property. I understand that my use of school technology is a privilege, not a right, and the school can withdraw this privilege if I violate this Technology Use Agreement or other District rules regarding using the District's technology tools and services.

1. I understand that technology is to be used for educational purposes only.

2. I will treat all technology (computers, iPods, Chromebooks, etc.) with care and to make sure they do not become damaged.

3. I will return all technology to the district as I understand that the technology equipment and systems belong to the District. The District can and may review any material developed, viewed, or shared.

SUPERINTENDENT’S RECOMMENDATION FOR BOARD ACTION:
Approve Resolution #21-02.

FISCAL IMPLICATIONS:
None.
RESOLUTION #21-02

2021 National Black History Month

WHEREAS, Africans were forcibly brought to American shores to be enslaved as early as the 17th century; and

WHEREAS, Black Americans have subsequently faced injustices of lynch mobs, segregation, racist attacks, discrimination, and denial of basic, fundamental rights; and

WHEREAS, in spite of these injustices, many of which continue to exist today, Black Americans have played significant roles in the economic, educational, political, artistic, literary, scientific, and technological advancements of the United States; and

WHEREAS, National Black History Month, also known as Black History Month, had its origins in 1915 when historian and author Dr. Carter G. Woodson founded the Association for the Study of Negro Life and History; and

WHEREAS, Black History Month in February celebrates the contributions that Black Americans have made to American history in their struggles for freedom and equality, and deepens our understanding of our Nation’s history; and

WHEREAS, Presidents Ford, Carter, Reagan, Clinton, Bush, Obama, Trump, and Biden have issued Presidential messages and proclamations recognizing the significance of National Black History Month by urging all Americans to recognize the important contributions made by African Americans to American life and culture; and

WHEREAS, The United States Congress has similarly passed laws and adopted resolutions since 1986 to recognize the significance of contributions made by Black Americans; and

WHEREAS, The Library of Congress, National Archives and Records Administration, National Endowment for the Humanities, National Gallery of Art, National Park Service, Smithsonian Institution, and United States Holocaust Memorial Museum join in paying tribute to the generations of African Americans who struggled with adversity to achieve full citizenship in American society; and

WHEREAS, The Black History Month theme this year is “The Black Family: Representation, Identity and Diversity” and communities are encouraged to align events and activities with this theme; and
WHEREAS, Black History Month is a time for us to continue our collective journey honoring and deepening our knowledge of the history, struggles, and achievements of Black Americans and people of African descent that have been marginalized from mainstream educational curricula and public discussions because of our country’s legacy of slavery, and institutional and structural racism; and

WHEREAS, the Santa Cruz County Board of Education is committed to valuing diversity and believes deeply that equity, respect, and justice are central to the character of who we are, to the health of our democracy, and to the well-being of our world; and

WHEREAS, During this month of recognition and celebration of Black Americans and their contributions to this country, the Santa Cruz County Board of Education hopes and commits that throughout the year the education community will work to disrupt manifestations of anti-blackness
