Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Santa Cruz County Superintendent of Schools (the SCCOE) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the SCCOE's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2018-2019 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, issued by the California Education Audit Appeals Panel as regulations. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Santa Cruz County Superintendent of Schools, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, budgetary comparison schedules, schedule of changes in the County Office of Education's net OPEB liability and related ratios, schedule of County Office of Education contributions for OPEB, schedule of OPEB investment returns, schedule of the County Office of Education's proportionate share of the net pension liability, and the schedule of County Office of Education contributions as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Santa Cruz County Superintendent of School's basic financial statements. The accompanying supplementary information such as the combining and individual non-major fund financial statements and Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the other supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2019, on our consideration of the Santa Cruz County Superintendent of School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Santa Cruz County Superintendent of School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Santa Cruz County Superintendent of School's internal control over financial reporting and compliance.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

INTRODUCTION

This section of Santa Cruz County Superintendent of School's (SCCOE) annual financial report presents our discussion and analysis of the SCCOE's financial performance during the fiscal year that ended on June 30, 2019, with comparative information for the year ended June 30, 2018. Please read it in conjunction with the SCCOE's financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

- Total net position was \$19,084,229 on June 30, 2019.
- Overall revenues for the SCCOE were \$69,441,168 while expenditures were \$68,640,353.
- The total long-term obligations were \$8,821,682, which primarily includes \$8,515,993 of Certificates of Participation (COP) debt issuance.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The three sections together provide a comprehensive overview of the Santa Cruz County Superintendent of Schools. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives:

- **Government-wide financial statements**, which comprise the first two statements, provide both short-term and long-term information about the entity's overall financial position using the economic resources measurement focus and accrual basis of accounting.
- **Fund financial statements** focus on reporting the individual parts of the SCCOE operations in more detail. The fund financial statements comprise the remaining statements using the current resources measurement focus and modified accrual basis of accounting.
 - **Governmental funds** statements tell how general government services were financed in the short term as well as what remains for future spending.
 - **Fiduciary fund** statements provide information about the financial relationships in which the SCCOE acts solely as a trustee or agent for the benefit of others, to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The basic financial statements are followed by a section of required supplementary information that further explains and supports the financial statements.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Government-Wide Statements

The government-wide statements report information about the SCCOE as a whole, using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the SCCOE's net position and how they have changed. Net position – the difference between the assets and deferred inflows of resources, and liabilities and deferred outflows of resources – are one way to measure the SCCOE's financial health or position.

- Over time, increases or decreases in the SCCOE's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the SCCOE, one needs to consider additional non-financial factors such as changes in enrollment, changes in the property tax base, changes in program funding by the Federal and State governments, and condition of facilities.

The government-wide financial statements of the SCCOE include government activities. Most of the SCCOE's basic services are included here, such as regular education, food service, maintenance and general administration. Property taxes, interest income, user fees, federal, state, and local grants as well as proceeds from certificates of participation finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the SCCOE's most significant funds, not the SCCOE as a whole. Funds are accounting devices that the SCCOE uses to keep track of specific sources of funding and spending for particular programs. Some funds are required to be established by state law and by bond covenants. The Board of Education establishes other funds to control and manage money for particular purposes or to show that the SCCOE is meeting legal responsibilities for using certain revenues. The SCCOE has two kinds of funds:

- Governmental funds - Most of the SCCOE's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps in the determination of whether there are more, or fewer financial resources that can be spent in the near future to finance the SCCOE's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the reconciliation schedules of the government funds statement that explains the relationship (or differences) between them.
- Fiduciary funds – the SCCOE is the trustee, or fiduciary, for assets that belong to others. This includes the charter school, Pacific Collegiate, Retiree Benefits Trust and JPA. The SCCOE is responsible for ensuring that assets reported in this fund are used only for their intended purposes and by those to whom the assets belong. All of the SCCOE's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position, where applicable. We exclude these activities from the SCCOE-wide financial statements because the SCCOE cannot use the assets to finance its operations.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

**MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

Net Position

The SCCOE’s net position was \$19,084,229 for the fiscal year ended June 30, 2019. Of this amount, (\$2,500,414) was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the governing board’s ability to use net position for day-to-day operations. Our analysis below, in summary form, focuses on the net position (Table 1) and change in net position (Table 2) of the SCCOE’s governmental activities.

**Table 1
Net Position**

	Governmental Activities		Total Percentage
	2019	2018	Change 2019-18
Assets			
Deposits and investments	\$ 30,523,903	\$ 29,343,230	4%
Receivables	14,333,638	7,938,297	81%
Prepaid expenses	43,740	60,000	-27%
Net other postemployment benefit asset	451,580	161,228	180%
Capital assets not depreciated	4,824,591	4,096,775	18%
Capital assets, net of accumulated depreciation	21,555,712	22,586,210	-5%
TOTAL ASSETS	71,733,164	64,185,740	12%
Deferred outflows of resources	11,174,399	11,373,186	-2%
Liabilities			
Accounts payable	11,341,527	5,079,155	123%
Interest payable	21,587	22,532	-4%
Unearned revenue	1,403,887	2,696,289	-48%
Current portion of long-term obligations	357,185	346,109	3%
Noncurrent portion of long-term obligations	8,464,497	8,783,034	-4%
Aggregate net pension liability	37,889,840	34,571,108	10%
TOTAL LIABILITIES	59,478,523	51,498,227	15%
Deferred inflows of resources	4,344,811	5,777,285	-25%
Net Position			
Net investment in capital assets	17,842,723	17,798,351	0.2%
Restricted for:			
Capital projects	496,339	486,514	2%
Educational programs	2,370,741	2,758,125	-14%
Other activities	423,260	548,761	-23%
OPEB trust assets	451,580	161,228	180%
Unrestricted	(2,500,414)	(3,469,565)	-28%
TOTAL NET POSITION	\$ 19,084,229	\$ 18,283,414	4%

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019

The (\$2,500,414) in unrestricted net position of governmental activities represents the accumulated results of all past years' operations. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased by 4 percent (\$2,500,414) compared to (\$3,469,565)).

Changes in Net Position

The SCCOE's total Government Activities revenues were \$69,449,168. The total cost of all programs and services on the full accrual basis was \$68,640,353.

Table 2
Changes in Net Position

	Government Activities		Total Percentage
	2019	2018	Change
Revenues			2019-18
Program Revenues			
Charges for services	\$ 5,575,207	\$ 5,478,575	2%
Operating and capital grants and contributions	18,724,107	14,681,403	28%

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT’S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Governmental Activities

As reported in the *Statement of Activities* on page 14, the cost of all of our governmental activities this year was \$68,640,353. However, the amount that our taxpayers ultimately financed for these activities through local taxes was only \$13,533,424 because the cost was paid by those who benefited from the programs of \$5,575,207 or by other governments and organizations who subsidized certain programs with grants and contributions of \$18,724,107. We paid for the remaining "public benefit" portion of our governmental activities with \$26,018,480 in Federal and State funds, and with other revenues, like interest and general entitlements.

In Table 3, we have presented the cost and net cost of each of the SCCOE’s largest functions: instruction including, special instruction programs and other instructional programs, pupil services, administration, plant services, and all other services. As discussed above, net cost shows the financial burden that was placed on the SCCOE’s taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

**Table 3
Net Cost of Governmental Activities**

	2019			
	Total Cost of Services	Revenue from Operating/Capital Grants & Contributions	Revenue from Charges for Services and Sales	Net Costs
Instruction	\$ 21,119,718	\$ 6,093,681	\$ 464,146	\$ (14,561,891)
Instruction-related activities	12,380,464	2,707,005	2,552,250	(7,121,209)
Pupil services	4,369,222	1,610,648	392,739	(2,365,835)
General administration	8,559,078	983,613	284,128	(7,291,337)
Plant services	3,363,224	344,104	489,559	(2,529,561)
Ancillary services	16,695	4,513	9,482	(2,700)
Community services	2,724,912	1,407,746	946,182	(370,984)
Interest on long term debt	277,701	-	-	(277,701)
Other outgo	15,829,339	5,572,797	436,721	(9,819,821)
TOTAL	\$ 68,640,353	\$ 18,724,107	\$ 5,575,207	\$ (44,341,039)

FINANCIAL ANALYSIS OF THE SCCOE’S FUNDS

The positive financial performance of the SCCOE as a whole is reflected in its governmental funds as well. As the SCCOE completed the year, its governmental funds reported a combined fund balance (modified accrual reporting method) of \$32,155,867.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019

General Fund Budgetary Highlights

Over the course of the year, the SCCOE revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. The final amendment to the budget was adopted on June 20, 2019. (A schedule showing the SCCOE's original and final budget amounts compared with amounts actually paid and received is provided in our annual report on page 60).

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

On June 30, 2019, the SCCOE had invested \$36,551,226 (historical costs) in a broad range of capital assets, including land, buildings, and furniture and equipment (see Table 4 below). More detailed information about SCCOE's capital assets is presented in the notes to the financial statements.

Table 4
Capital Assets

	Governmental Activities	
	2019	2018
Land	\$ 4,026,778	\$ 4,026,778
Land Improvements	83,952	83,952
Buildings and Improvements	28,621,342	28,539,855
Furniture and Equipment	3,021,341	2,755,129
Construction In Progress	797,813	69,997
Totals at Historical Cost	36,551,226	35,475,711
Total Accumulated Depreciation	10,170,923	8,792,726
Net Capital Assets	\$ 26,380,303	\$ 26,682,985

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

Long-Term Obligations

At year end, the SCCOE had \$8,821,682 in long-term obligations, which consisted of compensated absences and Certificates of Participation as shown in Table 5. More detailed information about the SCCOE's debt is presented in the notes to the financial statements.

Table 5
Long-Term Obligations

	Governmental Activities	
	2019	2018
Compensated Absences	\$ 305,689	\$ 267,041
Certificates of Participation (net)	8,515,993	8,862,102
Total Long-Term Obligations	<u>\$ 8,821,682</u>	<u>\$ 9,129,143</u>

SIGNIFICANT ACCOMPLISHMENTS OF FISCAL YEAR 2018-2019 ARE NOTED BELOW:

In Fiscal Year 2018/19, the Santa Cruz County Office of Education's Board approved the Santa Cruz County Cypress Charter High School and in 2019/20 the new Charter High School began operation. Santa Cruz County Cypress Charter High School graduates self-actualized citizens who utilize creativity, critical thinking, and a comprehensive worldview, to be engaged and informed members of their communities.

Cypress fosters a diverse student body through an inclusive community where each individual is seen and valued. Students utilize critical thinking skills in real-world applications, achieving personal and academic growth through a student-centered learning environment and a college preparatory curriculum.

In Fiscal Year 2018/19, the Santa Cruz County Office of Education completed a five-year Strategic Plan which prioritized Safety, Engagement, and Social Emotional Wellness, Sustainable Systems and Academic Achievement & College/Career Readiness, resulting in Equity for All Learners.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

It has now been six years since the implementation of the Local Control Funding Formula (LCFF) and the Local Control Accountability Plan. The SCCOE continues to receive the same funding level as in 2012/13 due to the collapse of the Tier III funds into the LCFF formula and the hold harmless status and is not expected to receive additional funding for an estimated eight more years. In order to address the flat funding, the SCCOE continues to make strategic changes to programs, and to pursue grant funding, to be able to continue to offer several programs that were previously funded under Tier III funding. These changes have enabled the SCCOE to offer compensation that allows it to continue to attract highly qualified teachers and other staff by continuing to be competitive in the market.

2018/19 was the final year of the Career Technical Education Partnership (CTEP) Consortium between the SCCOE and the high school districts in the county. While the structure of the program has changed, CTEP continues to offer magnet classes and to oversee the Career Technical Education Incentive Grant. The CTEP Consortium also received grant funding for the Strong Workforce Program, allowing the Consortium to broaden the offering of classes available to the students in the county. In 2019/20, the SCCOE will continue to explore funding opportunities to further expand the class offerings.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

2018/19 was the first year the SCCOE received funding for Differentiated Assistance which is aimed at helping local educational agencies (LEAs) and their schools meet the needs of each student they serve, with a focus on building local capacity to sustain improvement and to effectively address disparities in opportunities and outcomes. SCCOE will continue to expand the program and to develop a system of support for the districts in the county.

CONTACTING THE SCCOE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, participants, investors and creditors with a general overview of the SCCOE's finances and to demonstrate the SCCOE's accountability for the money it receives. If you have questions about this report, or need additional financial information, please contact Mary Hart, Deputy Superintendent, Business Services, at (831) 466-5601.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2019**

Total Fund Balance - Governmental Funds		\$ 32,155,867
Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.		
The cost of capital assets is	\$ 36,551,226	
Accumulated depreciation is	<u>(10,170,923)</u>	
Net Capital Assets		26,380,303
In governmental funds, unmatured interest on long-term obligations is recognized in the period when it is due. On the government-wide financial statements, unmatured interest on long-term obligations is recognized when it is incurred.		(21,587)
Deferred outflows of resources related to pensions represent a consumption of net position in a future period and is not reported in the COE's funds. Deferred outflows of resources related to pensions at year-end consist of:		
Pension contributions subsequent to measurement date	3,686,758	
Net change in proportionate share of net pension liability	1,102,577	
Differences between projected and actual earnings on pension plan investments	178,212	
Differences between expected and actual experience in the measurement of the total pension liability.	1,474,474	
Changes of assumptions	<u>4,680,277</u>	
Total Deferred Outflows of Resources Related to Pensions		11,122,298
Deferred inflows of resources related to pensions represent an acquisition of net position that applies to a future period and is not reported in the COE's funds. Deferred inflows of resources related to pensions at year-end consist of:		
Net change in proportionate share of net pension liability	(3,487,672)	
Differences between projected and actual earnings on pension plan investments	(622,366)	
Differences between expected and actual experience in the measurement of the total pension liability.	<u>(234,773)</u>	
Total Deferred Inflows of Resources Related to Pensions		(4,344,811)
Net postemployment benefit (OPEB) asset is not a current financial resource; therefore, it is not reported in the governmental activities		451,580
Deferred outflows of resources related to OPEB represent a consumption of net position in a future period and is not reported in the COE's funds. Deferred outflows of resources related to OPEB at year-end consist of OPEB experience gains and losses.		52,101
Net pension liability is not due and payable in the current period, and is not reported as a liability in the funds.		(37,889,840)
Long-term obligations at year-end consist of:		
Compensated absences (vacations)	(305,689)	
Certificates of participation	<u>(8,515,993)</u>	
Total Long-Term Obligations		(8,821,682)
Total Net Position - Governmental Activities		<u><u>\$ 19,084,229</u></u>

The accompanying notes are an integral part of these financial statements.

**GOVERNMENTAL FUNDS,
RECONCILIATION OF THE STATEMENT OF ACTIVITIES TO THE STATEMENT
OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
FOR THE YEAR ENDED JUNE 30, 2019**

Total Net Change in Fund Balances - Governmental Funds	\$ 2,589,784
Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:	
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities.	
This is the amount by which depreciation exceeds capital outlays in the period.	
Depreciation expense	\$ (1,378,197)
Capital outlays	<u>1,075,515</u>
Net Expense Adjustment	(302,682)
In the Statement of Activities, certain operating expenses, such as compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). Vacation earned was less than the amounts used.	(38,648)
In the governmental funds, pension costs are based on employer contributions made to pension plans during the year. However, in the Statement of Activities, pension expense is the net effect of all changes in the deferred outflows and net pension liability during the year.	(1,269,123)
In the governmental funds, OPEB costs are based on employer contributions made to OPEB plans during the year. However, in the Statement of Activities, OPEB expense is the net effect of all changes in the deferred outflows, deferred inflows, and net OPEB asset during the year.	(525,570)
Payment of principal on long-term liabilities is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.	346,109
Interest on long-term debt is recorded as an expenditure in the funds when it is due; however, in the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due, net of any issuance costs.	945
Change in Net Position of Governmental Activities	<u>\$ 800,815</u>

The accompanying notes are an integral part of these financial statements.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Santa Cruz County Office of Education (SCCOE) was organized circa 1861 under the laws of the State of California. The SCCOE operates under a locally elected seven-member Board and provides educational services to grades K-12 as mandated by the State and/or Federal agencies or local agreements. The SCCOE is the administrative unit for one Special Educational Local Plan Area (SELPA) and operates special education classes at nine school sites within the County of Santa Cruz. The SCCOE coordinates the Career Technical Education Partnership for four school districts, operates Alternative Education programs at seventeen school sites around the county, including four court programs and twenty community school programs. In addition, SCCOE has two charter schools in the county that it oversees and offers Medical and Dental programs for Adults wishing to continue their education.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the SCCOE consists of all funds, departments, boards, and agencies that are not legally separate from the SCCOE. The SCCOE determined that there are no potential component units that meet the criteria for inclusion within the reporting entity.

Other Related Entities

Charter School The SCCOE has approved a Charter for Santa Cruz County Career Advancement Charter School pursuant to *Education Code* Section 47605. The Santa Cruz County Career Advancement Charter School is operated by the SCCOE, and its financial activities are presented in the Charter School special revenue fund. The Santa Cruz County Career Advancement Charter School is operated by the SCCOE and not considered a component unit of the SCCOE. The SCCOE receives revenue on behalf of the Santa Cruz County Career Advancement Charter School which it passes on to the Charter. This activity is accounted for in the Charter Schools Fund.

Charter School The SCCOE is the chartering agency for the Pacific Collegiate Charter School (the charter school), a public benefit corporation organized under the Internal Revenue Code Section 501(c)(3). As the chartering agency, SCCOE has certain oversight responsibilities to ensure that the Charter School is in compliance with applicable Charter School laws and regulations. However, the SCCOE is not liable for the debts or obligations of the Charter School. The SCCOE receives revenue on behalf of the Charter School and makes payments for the Charter School's salaries and benefits. The payments of amounts on behalf of and to the Charter School are included in these financial statements as an agency fund as the Charter School is not a component unit of SCCOE. The Pacific Collegiate Charter School's financial activity is presented in a separate report provided by the Pacific Collegiate Charter School.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The SCCOE's funds are grouped into three broad fund categories: governmental, proprietary, and fiduciary. Currently there are no proprietary funds in use.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the SCCOE's major and non-major governmental funds:

Major Governmental Funds

County School Service Fund The County School Service Fund is the chief operating fund for the SCCOE. It is used to account for the ordinary operations of the SCCOE. All transactions except those accounted for in another fund are accounted for in this fund.

Three funds currently defined as special revenue funds in the California State Accounting Manual (CSAM) do not meet the GASB Statement No. 54 special revenue fund definition. Specifically, Fund 11, Adult Education Fund, Fund 14, Deferred Maintenance Fund and Fund 17, Special Reserve Fund for Other Than Capital Outlay Projects, are not substantially composed of restricted or committed revenue sources. While these funds are authorized by statute and will remain open for internal reporting purposes, these funds function effectively as an extension of the County School Service Fund, and accordingly have been combined with the County School Service Fund for presentation in these audited financial statements.

As a result, the County School Service Fund reflects an increase in assets, fund balance, revenues and expenditures of \$3,612,783, \$3,610,195, \$142,225, and \$59,933, respectively.

Special Education Pass-Through Fund A Special Education Pass-Through Fund, a special revenue fund, was established in 2011-12. This fund is used by the Administrative Unit (SCCOE) of a multi-Agency Special Education Local Plan Area (SELPA) to account for Special Education revenue passed through to other member districts.

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue Funds are established to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. Additional resources are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

Charter Schools Fund The Charter Schools Fund may be used by authorizing county offices and districts to account separately for the operating activities of county office-operated charter schools that would otherwise be reported in the the authorizing COE's General Fund.

Child Development Fund The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Cafeteria Fund The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the SCCOE's food service program (*Education Code* Sections 38091 and 38100).

Capital Project Funds The Capital Project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

County School Facilities Fund The County School Facilities Fund, a capital project fund, is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State School Facilities Fund (Proposition 1D), or the 2016 State School Facilities Fund (Proposition 51) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070 et seq.).

Fiduciary Funds Fiduciary funds are used to account for assets held in trustee or agent capacity for others that cannot be used to support the SCCOE's own programs. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Trust funds are used to account for the assets held by the SCCOE under a trust agreement for individuals, private organizations, or other governments and are therefore, not available to support the SCCOE's own programs. SCCOE's trust fund is the Retiree Benefits Trust. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. The SCCOE's agency fund accounts for activities of the Pacific Collegiate Charter School, and the Special Education Coordinating Agency..

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is basically the same approach used in private sector financial statements, but differs from the manner in which governmental fund financial statements are prepared.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each governmental function, and exclude fiduciary activity. Direct expenses are those that are specifically associated with a service, program, or department and are therefore, clearly identifiable to a particular function. The SCCOE does not allocate indirect expenses to functions in the Statement of Activities, except for depreciation. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the SCCOE. Eliminations have been made to minimize the double counting of internal activities.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Net position should be reported as restricted when constraints placed on net position are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities result from special revenue funds and the restrictions on their use.

Fund Financial Statements Fund financial statements report detailed information about the SCCOE. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

Governmental Funds All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Fiduciary Funds Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the SCCOE.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 45 or 60 days. However, to achieve comparability of reporting among California Local Education Agencies (LEAs) and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for LEAs as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the SCCOE receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Unearned Revenue Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the SCCOE prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the SCCOE has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Certain grants received before the eligibility requirements are met are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on long-term obligations, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

Investments

Investments held at June 30, 2019, with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in County investment pools are determined by the program sponsor.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets in the County School Service Fund represent investments required by State covenants to be set aside by the SCCOE for the purpose of satisfying certain requirements of the entitlement.

Prepaid Expenditures (Expenses)

Prepaid expenditures (expenses) represent amounts paid in advance of receiving goods or services. The SCCOE has the option of reporting expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The SCCOE has chosen to report the expenditures when paid.

Capital Assets and Depreciation

The accounting and reporting treatment applied to the capital assets associated with a fund is determined by its measurement focus. Capital assets are long-lived assets of the SCCOE. The SCCOE maintains a capitalization threshold of \$5,000. The SCCOE does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, but are expensed as incurred.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide statement of net position. The valuation basis for capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Depreciation is computed using the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: land improvements, 5 years; buildings and improvements, 25 years; furniture and equipment, 5-8 years.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the government-wide statement of net position.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide statement of net position. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the SCCOE's financial statements.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds.

However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the governmental fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and other long-term obligations are recognized as liabilities in the governmental fund financial statements when due.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The SCCOE reports deferred outflows of resources for pension related items, and for OPEB related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The SCCOE reports deferred charges for pension related items.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the SCCOE Plan and additions to/deductions from the SCCOE Plan's fiduciary position have been determined on the same basis as they are reported by the SCCOE Plan. For this purpose, the SCCOE Plan recognizes benefit payments when due and payable in accordance with benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Fund Balances - Governmental Funds

As of June 30, 2019, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the SCCOE. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the governing board.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the SCCOE's adopted policy, only the governing board or chief business officer/assistant superintendent of business services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the SCCOE considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the SCCOE considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance

In order to protect against revenue shortfalls or unpredicted one-time expenditures, it is the SCCOE's practice to maintain an amount equal to at least 3 percent of the County School Service Fund annual expenditures and other financing uses for economic uncertainties.

Net Position

Net position represents the difference between assets and liabilities. Net position net of investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the SCCOE or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The SCCOE first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Santa Cruz bills and collects the taxes on behalf of the SCCOE. Local property tax revenues are recorded when received.

Change in Accounting Principles

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts, or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation, or acquiring a tangible capital asset that has an existing ARO.

The SCCOE has implemented the provisions of this Statement as of June 30, 2019.

In April 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established.

This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses.

For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt.

The SCCOE has implemented the provisions of this Statement as of June 30, 2019.

New Accounting Pronouncements

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all State and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2018. Early implementation is encouraged.

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2019. Early implementation is encouraged.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

In August 2018, the GASB issued Statement 90, *Majority Equity Interests – An Amendment of GASB Statements No. 14 and No. 60*. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government’s holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit.

This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should include only transactions that occurred subsequent to the acquisition.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

A conduit debt obligation is defined as a debt instrument having all of the following characteristics:

- There are at least three parties involved: (1) an issuer, (2) a third-party obligor, and (3) a debt holder or a debt trustee.
- The issuer and the third-party obligor are not within the same financial reporting entity.
- The debt obligation is not a parity bond of the issuer, nor is it cross-collateralized with other debt of the issuer.
- The third-party obligor or its agent, not the issuer, ultimately receives the proceeds from the debt issuance.
- The third-party obligor, not the issuer, is primarily obligated for the payment of all amounts associated with the debt obligation (debt service payments).

All conduit debt obligations involve the issuer making a limited commitment. Some issuers extend additional commitments or voluntary commitments to support debt service in the event the third party is, or will be, unable to do so.

An issuer should not recognize a conduit debt obligation as a liability. However, an issuer should recognize a liability associated with an additional commitment or a voluntary commitment to support debt service if certain recognition criteria are met. As long as a conduit debt obligation is outstanding, an issuer that has made an additional commitment should evaluate at least annually whether those criteria are met. An issuer that has made only a limited commitment should evaluate whether those criteria are met when an event occurs that causes the issuer to reevaluate its willingness or ability to support the obligor's debt service through a voluntary commitment.

This Statement also addresses arrangements—often characterized as leases—that are associated with conduit debt obligations. In those arrangements, capital assets are constructed or acquired with the proceeds of a conduit debt obligation and used by third-party obligors in the course of their activities. Payments from third-party obligors are intended to cover and coincide with debt service payments. During those arrangements, issuers retain the titles to the capital assets. Those titles may or may not pass to the obligors at the end of the arrangements.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Issuers should not report those arrangements as leases, nor should they recognize a liability for the related conduit debt obligations or a receivable for the payments related to those arrangements. In addition, the following provisions apply:

- If the title passes to the third-party obligor at the end of the arrangement, an issuer should not recognize a capital asset.
- If the title does not pass to the third-party obligor and the third party has exclusive use of the entire capital asset during the arrangement, the issuer should not recognize a capital asset until the arrangement ends.
- If the title does not pass to the third-party obligor and the third party has exclusive use of only portions of the capital asset during the arrangement, the issuer, at the inception of the arrangement, should recognize the entire capital asset and a deferred inflow of resources. The deferred inflow of resources should be reduced, and an inflow recognized, in a systematic and rational manner over the term of the arrangement.

This Statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period.

The requirements of this Statement are effective for the reporting periods beginning after December 15, 2020. Early implementation is encouraged.

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

Deposits and investments as of June 30, 2019, are classified in the accompanying financial statements as follows:

Governmental funds	\$ 30,523,903
Fiduciary funds	11,741,052
Total Deposits and Investments	<u>\$ 42,264,955</u>

Deposits and investments as of June 30, 2019, consist of the following:

Cash on hand and in banks	\$ 82,613
Cash in revolving	2,800
Investments	42,179,542
Total Deposits and Investments	<u>\$ 42,264,955</u>

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Policies and Practices

The SCCOE is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The SCCOE is considered to be an involuntary participant in an external investment pool as the SCCOE is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the SCCOE's investment in the Pool is reported in the accounting financial statements at amounts based upon the SCCOE's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The SCCOE has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The SCCOE manages its exposure to interest rate risk by investing in the county pool and/or having the Pool purchase a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Weighted Average Maturity

The SCCOE monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. Information about the weighted average maturity of the SCCOE's portfolio is presented in the following schedule:

Investment Type	Fair Value	Weighted Average Maturity in Days
County Treasury Investment Pool	\$ 30,438,490	234
California Employers' Retiree Benefit Trust	11,741,052	Not Applicable
Total	<u>\$ 42,179,542</u>	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The SCCOE's investments in the County Treasury Investment Pool and California Employer's Retirement Trust are not required to be rated, nor have they been rated as of June 30, 2019.

Investment Type	Fair Value	Minimum Legal Rating	Rating as of Year End		
			AAA	AA	Unrated
County Treasury Investment Pool	\$ 33,118,885	N/A	\$ -	\$ -	\$ 33,118,885
California Employers' Retiree Benefit Trust	11,741,052	N/A	-	-	11,741,052
Total	<u>\$ 44,859,937</u>		<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,859,937</u>

N/A - Not Applicable

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the SCCOE's deposits may not be returned to it. The SCCOE does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2019, the SCCOE had no bank balance that was exposed to custodial credit risk.

NOTE 3 - FAIR VALUE MEASUREMENTS

The SCCOE categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the SCCOE has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the SCCOE's own data. The SCCOE should adjust that data if reasonable available information indicates that other market participants would use different data or certain circumstances specific to the SCCOE are not available to other market participants.

Uncategorized - Investments in the Santa Cruz County Treasury Investment Pool are not measured using the input levels above because the SCCOE's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

The SCCOE’s fair value measurements are as follows at June 30, 2019:

Investment Type	Fair Value	Fair Value Measurements Using			Uncategorized
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	
County Treasury Investment Pool	\$ 30,438,490	\$ -	\$ -	\$ -	\$ 30,438,490
California Employers' Retiree Benefit Trust	11,741,052	-	-	-	11,741,052
Total	\$ 42,179,542	\$ -	\$ -	\$ -	\$ 42,179,542

All assets have been valued using a market approach, with quoted market prices.

NOTE 4 - RECEIVABLES

Receivables at June 30, 2019, consisted of intergovernmental grants, entitlements, interest and other local sources. All receivables are considered collectible in full.

	County School Service Fund	Special Education Pass-through Fund	Non-Major Governmental Funds	Total
Federal Government				
Categorical aid	\$ 1,135,238	\$ 6,359,252	\$ 96,193	\$ 7,590,683

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 6 - INTERFUND TRANSACTIONS

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund receivable and payable at June 30, 2019, between major and non-major governmental funds are as follows:

Due To	Due From		Total
	County School Service Fund	Non-Major Governmental Funds	
County School Service Fund	\$ -	\$ 63	\$ 63
Non-Major Governmental Funds	343,792	-	343,792
Total	\$ 343,792	\$ 63	\$ 343,855

All balances resulted from the time lag between the date that (1) interfund goods and services were provided or reimbursable expenditures occurred, (2) transactions were recorded in the accounting system, and (3) payments between funds were made in the subsequent fiscal year.

Operating Transfers

Interfund transfers for the year ended June 30, 2019 consisted of the following:

Transfer To	Transfer From	
	County School Service Fund	Total
Non-Major Governmental Funds	\$ 30,019	\$ 30,019
The County School Service Fund transferred to the Cafeteria Fund to support operations.		\$ 30,019

NOTE 7 - ACCOUNTS PAYABLE

Accounts payable at June 30, 2019, consisted of the following:

	County School Service Fund	Special Education Pass-through Fund	Non-Major Governmental Fund	Total Governmental Fund
Vendor payables	\$ 2,693,951	\$ 7,984,384	\$ 71,572	\$ 10,749,907
Salaries and benefits	555,992	-	35,628	591,620

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 8 - UNEARNED REVENUE

Unearned revenue at June 30, 2019, consists of the following:

	County School Service Fund	Non-Major Governmental Funds	Total
Federal financial assistance	\$ 64,954	\$ 37,013	\$ 101,967
State categorical aid	998,345	-	998,345
Other local	303,575	-	303,575
Total	<u>\$ 1,366,874</u>	<u>\$ 37,013</u>	<u>\$ 1,403,887</u>

NOTE 9 - LONG-TERM OBLIGATIONS

Summary

The changes in the SCCOE's long-term obligations during the year consisted of the following:

	Balance July 1, 2018	Additions	Deductions	Balance June 30, 2019	Due in One Year
Certificates of participation	\$ 8,862,102	\$ -	\$ 346,109	\$ 8,515,993	\$ 357,185
Compensated absences	267,041	38,648	-	305,689	-
Total	<u>\$ 9,129,143</u>	<u>\$ 38,648</u>	<u>\$ 346,109</u>	<u>\$ 8,821,682</u>	<u>\$ 357,185</u>

Certificates of Participation

In May 2007, the Santa Cruz County Office of Education issued certificates of participation in the amount of \$11,605,000 with interest rates ranging from 3.60 to 4.62 percent. During June 2016, the certificates of participation were refinanced in the amount of \$9,510,983 with interest rates of 3.175 percent. Interest with respect to the Certificates will be payable semiannually on each June 1 and December 1, commencing December 15, 2016, and maturing on June 15, 2037. As of June 30, 2019, the principal balance outstanding was \$8,515,993.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

Year Ending June 30,	Principal	Interest	Total
2020	\$ 357,185	\$ 267,570	\$ 624,755
2021	368,616	256,139	624,755
2022	380,413	244,343	624,756
2023	392,587	232,169	624,756
2024	405,150	219,605	624,755
2025-2029	2,228,735	895,042	3,123,777
2030-2034	2,608,923	514,855	3,123,778
2035-2037	1,774,384	99,883	1,874,267
Total	<u>\$ 8,515,993</u>	<u>\$ 2,729,606</u>	<u>\$ 11,245,599</u>

Compensated absences

Compensated absences (unpaid employee vacation) for the SCCOE at June 30, 2019, amounted to \$305,689.

Net Other Post Employment Benefit (OPEB) Asset

For the fiscal year ended June 30, 2018, the SCCOE reported net OPEB asset, deferred outflows of resources, deferred inflows of resources, and OPEB expense for the following plan:

OPEB Plan	Net OPEB Asset	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense
SCCOE Plan	<u>\$ 451,580</u>	<u>\$ 52,101</u>	<u>\$ -</u>	<u>\$ 378,240</u>

The details of the plan are as follows:

COE Plan

Plan Administration

Plan Membership

At June 30, 2018, the Plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefits payments	51
Active employees	226
	<u>277</u>

Benefits Provided

The Plan provides medical, dental and vision insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan. The SCCOE's governing board has the authority to establish and amend the benefit terms as contained within the negotiated labor agreements.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Contributions

The contribution requirements of the Plan members and the SCCOE are established and may be amended by the SCCOE, the Santa Cruz County Education Association/CTA/NEA (SCCEA/CTA/NEA), the local California School Employees Association (CSEA), and unrepresented groups. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually through the agreements with the SCCOE, SCCEA/CTA/NEA, CSEA, and the unrepresented groups. For fiscal year 2018-2019, the SCCOE contributed \$935,586 to the Plan, of which \$835,586 was used for current premiums and \$100,000 was used to fund the OPEB Trust.

Investment

Investment Policy

The Plan's policy in regard to the allocation of invested assets is established and may be amended by the governing board by a majority vote of its members. It is the policy of the SCCOE to pursue an investment strategy that reduces risks through the prudent diversification for the portfolio across a broad selection of distinct asset classes. The Plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocation over short time spans. The following was the governing board's adopted asset allocation policy as of June 30, 2017:

<u>Asset Class</u>	<u>Target Allocation</u>
US Large Cap	43%
US Small Cap	23%
Long-Term Corporate Bonds	12%
Long-Term Government Bonds	6%
Treasury Inflation Protected Securities	5%
US Real Estate	8%
All Commodities	3%

Rate of Return

For the year ended June 30, 2017, the annual money-weighted rate of return on investments, net of investment expense, was 8.35 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Net OPEB Asset of the COE

The SCCOE's net OPEB asset of \$451,580 was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of that date. The components of the net OPEB asset of the SCCOE at June 30, 2018, were as follows:

Total OPEB liability	\$ 7,944,716
Plan fiduciary net position	(8,396,296)
SCCOE's net OPEB asset	<u>\$ (451,580)</u>
Plan fiduciary net position as a percentage of the total OPEB asset	<u>105.68%</u>

Actuarial Assumptions

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75 percent
Salary increases	2.75 percent, average including inflation
Investment rate of return	7.0 percent, net of OPEB plan investment expense, including inflation
Health care cost trend rates	4.0 percent for 2018

Mortality rates were based on the 2009 CalSTRS Mortality Table for certificated employees and the 2014 CalPERS Active Mortality for Miscellaneous Employees Table for classified employees. Mortality rates vary by age and sex. (Unisex mortality rates are not often used as individual OPEB benefits do not depend on the mortality table used.) If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reeducation. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actual experience study for the period July 1, 2017 to June 30, 2018.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2018, (see the discussion of the Plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
US Large Cap	7.7950%
US Small Cap	7.7950%
Long-Term Corporate Bonds	5.2950%
Long-Term Government Bonds	4.5000%
Treasury Inflation Protected Securities	7.7950%
US Real Estate	7.7950%
All Commodities	7.7950%

Discount Rate

The discount rate used to measure the total OPEB liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that the SCCOE contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in the Net OPEB Liability/(Asset)

	<u>Increase (Decrease)</u>		
	<u>Total OPEB Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Net OPEB Asset</u>
	(a)	(b)	(a) - (b)
Balance at June 30, 2017	\$ 7,476,500	\$ 7,637,728	\$ (161,228)
Service cost	392,279	-	392,279
Interest	521,490	-	521,490

Net change in total OPEB liability	<u>468,216</u>	<u>758,568</u>	<u>(290,352)</u>
Balance at June 30, 2018	<u>\$ 7,944,716</u>	<u>\$ 8,396,296</u>	<u>\$ (451,580)</u>

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Sensitivity of the Net OPEB Asset to Changes in the Discount Rate

Net OPEB asset of the SCCOE, as well as what the SCCOE’s net OPEB asset/(liability) would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount Rate</u>	<u>Net OPEB Asset</u>
1% decrease (6.0%)	\$ 188,640
Current discount rate (7.0%)	(451,580)
1% increase (8.0%)	(1,007,987)

Sensitivity of the Net OPEB Asset to Changes in the Healthcare Cost Trend Rates

Net OPEB asset of the SCCOE, as well as what the SCCOE’s net OPEB asset/ (liability) would be if it were calculated using healthcare cost trend rates that are one percent lower or higher than the current healthcare costs trend rates:

<u>Healthcare Cost Trend Rate</u>	<u>Asset</u>
1% decrease (3.0%)	\$ (1,636,445)
Current healthcare cost trend rate (4.0%)	(451,580)
1% increase (5.0%)	957,966

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB

For the year ended June 30, 2018, the SCCOE recognized OPEB expense of \$378,240. At June 30, 2018, the SCCOE reported deferred outflows of resources for OPEB experience gains and losses of \$52,101.

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ended June 30,</u>	<u>Deferred Outflows/(Inflows) of Resources</u>
2019	\$ 4,825
2020	4,825
2021	4,825
2022	4,825
2023	4,825
Thereafter	27,976
	<u>\$ 52,101</u>

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 11 - RISK MANAGEMENT

Property and Liability

The SCCOE is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year ending June 30, 2019, the SCCOE was a member in and procured coverage through the Southern Peninsula Region Property and Liability Insurance Group for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Workers' Compensation

For fiscal year 2018-2019, the SCCOE was a member in and procured coverage through the Santa Cruz-San Benito County Schools Insurance Group, a workers' compensation insurance purchasing pool. The intent of the Santa Cruz-San Benito County Schools Insurance Group is to achieve the benefit of a reduced premium for the SCCOE by virtue of its grouping and representation with other participants in the Santa Cruz-San Benito County Schools Insurance Group. The workers' compensation experience of the participating SCCOEs is calculated as one experience and a common premium rate is applied to all SCCOEs in the Santa Cruz-San Benito County Schools Insurance Group. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings. A participant will then either receive money from or be required to contribute to the "equity-pooling fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the Santa Cruz-San Benito County Schools Insurance Group.

NOTE 12 - EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

For the fiscal year ended June 30, 2019 the SCCOE reported net pension liabilities, deferred outflows of resources, deferred, inflows of resources, and pension expense for each of the above plans as follows:

<u>Pension Plan</u>	<u>Collective Net Pension Liability</u>	<u>Collective Deferred Outflows of Resources</u>	<u>Collective Deferred Inflows of Resources</u>	<u>Collective Pension Expense</u>
CalSTRS	\$ 16,162,680	\$ 4,808,321	\$ 4,202,872	\$ 1,058,315
CalPERS	21,727,160	6,313,977	141,939	3,897,566
Total	<u>\$ 37,889,840</u>	<u>\$ 11,122,298</u>	<u>\$ 4,344,811</u>	<u>\$ 4,955,881</u>

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The SCCOE contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2017 annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at:

<http://www.calstrs.com/member-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and non-employer contributing entity to the STRP.

The SCCOE contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The STRP provisions and benefits in effect at June 30, 2019, are summarized as follows:

	<u>STRP Defined Benefit Program</u>	
	On or before December 31, 2012	On or after January 1, 2013
Hire date		
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	16.28%	16.28%
Required state contribution rate	9.828%	9.828%

Contributions

Required member, SCCOE and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2019, are presented above and the SCCOE's total contributions were \$1,690,102.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the SCCOE reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the SCCOE. The amount recognized by the SCCOE as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the SCCOE were as follows:

Total net pension liability, including State share:

COE's proportionate share of net pension liability	\$ 16,162,680
State's proportionate share of the net pension liability associated with the COE	9,253,890
Total	<u>\$ 25,416,570</u>

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The net pension liability was measured as of June 30, 2018. The SCCOE's proportion of the net pension liability was based on a projection of the SCCOE's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The SCCOE's proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively was 0.0176 percent and 0.0168 percent, resulting in a net increase in the proportionate share of 0.0008 percent of the collective net pension liability.

For the year ended June 30, 2019, the SCCOE recognized pension expense of \$1,058,315. In addition, SCCOE recognized pension expense and revenue of \$1,475,355 for support provided by the State. At June 30, 2019, the SCCOE reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,690,102	\$ -
Net change in proportionate share of net pension liability	557,183	3,345,733
Difference between projected and actual earnings on pension plan investments	-	622,366
Differences between expected and actual experience in the measurement of the total pension liability	50,120	234,773
Changes in assumptions	2,510,916	-
Total	\$ 4,808,321	\$ 4,202,872

The deferred outflows of resources related to pensions resulting from SCCOE contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2020	\$ 135,133
2021	(98,056)
2022	(522,141)
2023	(137,302)
Total	\$ (622,366)

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 7 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2020	\$ (409,933)
2021	(409,933)
2022	(409,930)
2023	89,676
2024	587,345
Thereafter	90,488
Total	<u>\$ (462,287)</u>

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2017 and rolling forward the total pension liability to June 30, 2018. The financial reporting actuarial valuation as of June 30, 2017, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Experience study	July 1, 2010 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2018, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return
Global equity	47%	6.30%
Fixed income	12%	0.30%
Real estate	13%	5.20%
Private equity	13%	9.30%
Absolute Return/Risk Mitigating Strategies	9%	2.90%
Inflation sensitive	4%	3.80%
Cash/liquidity	2%	-1.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the SCCOE's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net Pension Liability
1% decrease (6.10%)	\$ 23,676,434
Current discount rate (7.10%)	16,162,680
1% increase (8.10%)	9,933,048

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

California Public Employees Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2017 annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2019, are summarized as follows:

	<u>School Employer Pool (CalPERS)</u>	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.00%	7.00%
Required employer contribution rate	18.062%	18.062%

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The SCCOE is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2019, are presented above and the total SCCOE contributions were \$1,996,656.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2019, the SCCOE reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$21,727,160. The net pension liability was measured as of June 30, 2018. The SCCOE's proportion of the net pension liability was based on a projection of the SCCOE's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The SCCOE's proportionate share of the proportionate share for the measurement period June 30, 2018 and June 30, 2017, respectively was 0.0815 percent and 0.0799 percent, respectively, resulting in a net increase in the proportionate share of 0.0016 percent.

For the year ended June 30, 2019, the SCCOE recognized pension expense of \$3,897,566. At June 30, 2019, the SCCOE reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,996,656	\$ -
Net change in proportionate share of net pension liability	545,394	141,939
Difference between projected and actual earnings on pension plan investments	178,212	-
Differences between expected and actual experience in the measurement of the total pension liability	1,424,354	-
Changes of assumptions	2,169,361	-
Total	\$ 6,313,977	\$ 141,939

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

The deferred outflows of resources related to pensions resulting from SCCOE contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2020	\$ 648,194
2021	155,010
2022	(496,749)
2023	(128,243)
Total	<u>\$ 178,212</u>

The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 4.0 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2020	\$ 1,692,345
2021	1,759,042
2022	545,783
Total	<u>\$ 3,997,170</u>

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2017, and rolling forward the total pension liability to June 30, 2018. The financial reporting actuarial valuation as of June 30, 2017, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Experience study	July 1, 1997 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90 percent of scale MP-2016.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-term Expected Real Rate of Return
Global equity	50%	5.98%
Fixed income	28%	2.62%
Inflation assets	0%	1.81%
Private equity	8%	7.23%
Real assets	13%	4.93%
Liquidity	1%	-0.92%

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the SCCOE's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

<u>Discount rate</u>	<u>Net Pension Liability</u>
1% decrease (6.15%)	\$ 31,633,706
Current discount rate (7.15%)	21,727,160
1% increase (8.15%)	13,508,262

Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by Social Security or an alternative plan. Contributions made by the SCCOE and an employee vest immediately. The SCCOE contributes 6.2 percent of an employee's gross earnings. An employee is required to contribute 4 percent of his or her gross earnings to the pension plan.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the SCCOE. These payments consist of State County School Service Fund contributions to CalSTRS in the amount of \$854,087 (9.828 percent of the second previous annual payroll). Contributions are no longer appropriated in the annual Budget Act for the legislatively mandated benefits to CalPERS. Therefore, there is no on-behalf contribution rate for CalPERS. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements. On behalf payments have been included in the budgeted amounts reported in the *County School Service Fund - Budgetary Comparison Schedule*.

Senate Bill 90 (Chapter 33, Statutes of 2019), which was signed by the Governor on June 27, 2019, appropriated for an additional 2018–2019 contribution on-behalf of school employers of \$2.246 billion for CalSTRS and \$904 million for CalPERS. A proportionate share of these contributions has been recorded in these financial statements.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Grants

The SCCOE received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the County School Service Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the SCCOE at June 30, 2019.

Litigation

The SCCOE is not currently a party to any legal proceedings.

NOTE 14 - PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWER AUTHORITIES

The SCCOE is a member of the Self-Insured Schools of California III (SISC); Santa Cruz County Schools' Health Insurance Group (SCCSHIG), Santa Cruz-San Benito County Schools' Insurance Group (SIG), and the Southern Peninsula Region Property and Liability Insurance Group (SPRIG) public entity risk pools and the North Santa Cruz County Special Education Local Plan Area joint powers authorities (JPA's). The SCCOE pays an annual premium to the applicable entity for its health, workers' compensation, and property liability coverage. The relationships between the SCCOE, the pools, and the JPA's are such that they are not component units of the SCCOE for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the SCCOE are included in these statements. Audited financial statements are generally available from the respective entities.

During the year ended June 30, 2019, the SCCOE made payments of \$6,630,492, \$587,973, \$428,124, and \$129,080 to SISC, Santa Cruz County Schools Health Insurance Group, Santa Cruz-San Benito County Schools' Insurance Group, and Southern Peninsula Region Property and Liability Insurance Group (including re-insurance through SAFER), respectively for health, workers' compensation, and property liability coverage.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedules

The SCCOE employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America as prescribed by the Governmental Accounting Standards Board and provisions of the California *Education Code*. The governing board is required to hold a public hearing and adopt an operating budget no later than July 1 of each year. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

These schedules present information for the original and final budgets and actual results of operations, as well as the variances from the final budget to actual results of operations.

Schedule of Changes in the County Office of Education's Net OPEB Asset and Related Ratios

This schedule presents information on the SCCOE's changes in the net OPEB asset, including beginning and ending balances, the plan's fiduciary net position, and the net OPEB asset. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms – There were no changes in benefit terms since the previous valuation.

Changes of Assumptions – There were no changes in assumptions since the previous valuation.

Schedule of County Office of Education Contributions for OPEB

This schedule presents information on the SCCOE's actuarially determined contribution, contributions in relation to the actuarially determined contribution, and any excess or deficiency related to the actuarially determined contribution. In the future, as data becomes available, ten years of information will be presented.

Schedule of OPEB Investment Returns

This schedule presents information on the annual money-weighted rate of return on OPEB plan investments. In future years, as data becomes available, ten years of information will be presented.

Schedule of the County Office of Education's Proportionate Share of the Net Pension Liability

This schedule presents information on the SCCOE's proportionate share of the net pension liability (NPL), the plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the SCCOE. In the future, as data becomes available, ten years of information will be presented.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2019

Changes in Benefit Terms – There were no changes in benefit terms since the previous valuations for both CalSTRS and CalPERS.

Changes of Assumptions – There were no changes in economic assumptions for either the CalSTRS or CalPERS plans from the previous valuations.

Schedule of County Office of Education Contributions

This schedule presents information on the SCCOE's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

LOCAL EDUCATION AGENCY ORGANIZATION STRUCTURE JUNE 30, 2019

ORGANIZATION

Santa Cruz County is comprised of ten school districts and the County Office of Education. Within Santa Cruz County, there are thirty-six elementary schools, twelve middle schools, nine special education sites (run by the SCCOE, PVUSD has special education classrooms at all three school levels), eight high schools, two continuation schools, one community school, seventeen Alternative Education sites and thirteen charter schools. The SCCOE is also the administrative agency for one Special Education Local Plan Area (SELPA) and coordinates the Career Technical Education Partnership for four school districts.

AVERAGE DAILY ATTENDANCE AT ANNUAL	861	861	834	888

The County School Service Fund balance has increased by \$6,520,242 over the past two years. The fiscal year 2019-2020 budget projects a decrease of \$3,930,973 (13 percent). For a COE this size, the State recommends available reserves of at least 3 percent of total County School Service Fund expenditures, transfers out, and other uses (total outgo).

The SCCOE has incurred operating surpluses in the past three years and anticipates incurring an operating deficit during the 2019-2020 fiscal year. Total long-term obligations have decreased by \$921,340 over the past two years.

Average daily attendance has decreased by 27 over the past two years. No change in ADA is anticipated during fiscal year 2019-2020.

¹ Budget 2020 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainties contained with the Special Reserve Fund for Other Than Capital Outlay Projects.

³ County School Service Fund amounts include activity related to the consolidation of the Adult Education Fund, the Deferred Maintenance Fund and the Special Reserve Fund for Other Than Capital Projects as required by GASB Statement No. 54.

⁴ On behalf payments of \$2,212,025 have been included in the calculation of available reserves.

**NOTE TO SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2019**

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal awards includes the Federal grant activity of the SCCOE and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statement. The SCCOE has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

The following schedule provides reconciliation between revenues reported on the Statement of Revenues, Expenditures and Changes in Fund Balance and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts primarily consist of WIOA Youth Activities and Medi-Cal Administrative Activities funds that have been recorded in the current period as revenues that have not been fully expended as of June 30, 2019. These unspent balances are reported as assigned ending balances within the County School Service Fund. In addition, a reconciling item consists of Medi-Cal Billing Option funds that in a previous period were recorded as revenues but were unspent. Some of these unspent funds were expended in the current period.

Description	<u>CFDA Number</u>	<u>Amount</u>
Total Federal Revenues Statement of Revenues, Expenditures and Changes in Fund Balance:		\$ 16,436,151
WIOA Youth Activities	17.259	(85,824)
Medi-Cal Billing Option	93.778	5,084
Medi-Cal Administrative Activities (MAA)	93.778	<u>(829,232)</u>
Total Schedule of Expenditures of Federal Awards		<u>\$ 15,526,179</u>

Local Education Agency Organization Structure

This schedule provides information about the SCCOE's boundaries and schools operated, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the SCCOE. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to local educational agencies. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

SANTA CRUZ COUNTY SUPERINTENDENT OF SCHOOLS

NOTE TO SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2019

Schedule of Instructional Time

Education Code Section 46201.5 extended the longer instructional day incentive funding for County Offices of Education that provide special day classes. The SCCOE does not participate in the incentive funding for increasing instructional time as provided by the Incentives for Longer Instruction Day. The SCCOE does participate in the longer year funding for special education classes.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the SCCOE's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the SCCOE's ability to continue as a going concern for a reasonable period of time.

Schedule of Charter Schools

This schedule lists all Charter Schools chartered by the Santa Cruz County Office of Education, and displays information for each Charter School on whether or not the Charter School is included in the County Office of Education audit.

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances

The Non-Major Governmental Funds Combining Balance Sheet and Combining Statement of Revenues, Expenditures and Changes in Fund Balances is included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

INDEPENDENT AUDITOR'S REPORTS

CPAs & BUSINESS ADVISORS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governing Board
Santa Cruz County Superintendent of Schools
Santa Cruz, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Santa Cruz County Superintendent of Schools (the SCCOE) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Santa Cruz County Superintendent of Schools' basic financial statements, and have issued our report thereon dated December 16, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Santa Cruz County Superintendent of Schools' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Santa Cruz County Superintendent of Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Santa Cruz County Superintendent of Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the SCCOE's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Santa Cruz County Superintendent of Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

A handwritten signature in cursive script that reads "Eide Bailly LLP".

San Ramon, California
December 16, 2019

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Governing Board
Santa Cruz County Superintendent of Schools
Santa Cruz, California

Report on Compliance for Each Major Federal Program

We have audited Santa Cruz County Superintendent of Schools' (the SCCOE) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Santa Cruz County Superintendent of Schools' major Federal programs for the year ended June 30, 2019. Santa Cruz County Superintendent of Schools' major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Santa Cruz County Superintendent of Schools' major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about Santa Cruz County Superintendent of Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of Santa Cruz County Superintendent of Schools' compliance.

Opinion on Each Major Federal Program

In our opinion, Santa Cruz County Superintendent of Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of Santa Cruz County Superintendent of Schools is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Santa Cruz County Superintendent of Schools' internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Santa Cruz County Superintendent of Schools' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Governing Board
Santa Cruz County Superintendent of Schools
Santa Cruz, California

Report on State Compliance

We have audited Santa Cruz County Superintendent of Schools' (the SCCOE) compliance with the types of compliance requirements as identified in the *2018-2019 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* that could have a direct and material effect on each of the Santa Cruz County Superintendent of Schools' State government programs as noted below for the year ended June 30, 2019.

Management's Responsibility

Management is responsible for compliance with the requirements of State laws, regulations, and the terms and conditions of its State awards applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of each of the Santa Cruz County Superintendent of Schools' State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2018-2019 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the applicable government programs noted below. An audit includes examining, on a test basis, evidence about Santa Cruz County Superintendent of Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions. Our audit does not provide a legal determination of Santa Cruz County Superintendent of Schools' compliance with those requirements.

Unmodified Opinion

In our opinion, Santa Cruz County Superintendent of Schools' complied, in all material respects, with the compliance requirements referred to above that are applicable to the government programs noted below that were audited for the year ended June 30, 2019.

In connection with the audit referred to above, we selected and tested transactions and records to determine the Santa Cruz County Superintendent of Schools' compliance with the State laws and regulations applicable to the following items:

	Procedures Performed
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS	
Attendance	Yes
Teacher Certification and Misassignments	Yes
