8.1 New Classification—First Reading—Action

The Deputy Superintendent, Business classification was created in 2015. Due to a recent retirement, the classification was reviewed for currency and relevancy for recruitment purposes. The findings indicated that in order to attract qualified candidates, a new classification needed to be created in the order to be competitive in today's job market. With the current employee retiring at the end of June 2020, administration requested that the Chief Business Officer classification be approved at the first reading so they could begin the recruitment. Salary is currently being studied and a recommendation will be a part of this year's classification process. The County Office is in the process of designating the position as Senior Management. Discussion followed.

Motion: To approve the newly proposed job classification of Chief Business Officer at the "first reading." Salary will be studied and a recommendation will be submitted as a part of this year's classification process in June 2020. The Commission will address the recommendation to abolish the current classification of Deputy Superintendent, Business in June 2020 (Miller/Rapoza).
