# S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

# If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.

#### First Interim 2023-24 Projected Year Totals Indirect Cost Rate Worksheet

44 10447 0000000 Form ICR E81YZKYF1F(2023-24)

#### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

#### A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

- 2. Contracted general administrative positions not paid through payroll
  - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.

#### Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

### A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

### B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment	

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

Printed: 12/8/2023 10:21 PM

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based. Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A. A. Indirect costs incurred in the current year (Part III, Line A8) 5,402,590.29 B. Carry-forward adjustment from prior year(s) 1. Carry-forward adjustment from the second prior year (105, 302.23)2. Carry-forward adjustment amount deferred from prior year(s), if any 0.00 C. Carry-forward adjustment for under- or over-recovery in the current year 1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (8.27%) times Part III, Line B19); zero if negative 202,231.70 2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (8.27%) times Part III, Line B19) or (the highest rate used to recover costs from any program (8.27%) times Part III, Line B19); zero if positive 0.00 D. Preliminary carry-forward adjustment (Line C1 or C2) 202,231.70 E. Optional allocation of negative carry-forward adjustment over more than one year Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate. Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation: not applicable Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years: not applicable Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years: not applicable LEA request for Option 1, Option 2, or Option 3 F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected) 202,231.70

From: Liann Reyes, Deputy Superintendent – Business Services Subject: Background and Advice for the 2023-24 First Interim Budget Report

The following document, The Common Message, provides guidance and information related to the 2023-24 First Interim Budget Report. It is intended to provide a consistent message for use in preparing your 2023-24 First Interim Report and related multi-year projections (MYPs). Since May 2008, this document has been authored by key educational professionals throughout the State of California and is based on the latest changes and information obtained from the Department of Finance (DOF).

While not all information provided will be applicable to all districts, the goal is to provide an easy-to-use reference guide for current information on school funding and related topics. With continued local declining enrollment, historic highs in inflation, and a slow to recover ADA ratios, I urge caution in developing your multi-year projections and encourage your consideration to budget conservatively. Please make note of the projected COLA amounts which are more in line with historical COLAs, but certainly smaller than the last few years of record-breaking COLA percentages. Also be cognizant of your "effective COLA rate" and be sure to keep this in mind when determining any additional revenue you may be receiving.

The Santa Cruz County Office of Education continues to be a resource in assisting your district with California education funding. I encourage you to reach out to us if you have any questions or need help in this regard.

### First Interim Report Key Guidance

Governor Gavin Newsom signed an on-time budget in June. Subsequently, the state legislature adopted Senate Bill (SB) 141, which introduces small changes to the budget. The most significant of these changes include:

- Language was added to address emergency closure situations for the Expanded Learning Opportunities Program. In the event of a <u>Request for Allowance of Attendance Due to</u> <u>Emergency Conditions</u> (<u>Form J-13 A</u>) qualifying emergency, each LEA is required to adopt a board resolution that outlines the facts substantiating the need for an emergency closure. Furthermore, they must provide supporting documentation for audit purposes.
- Language was added to clarify that the new early enrollment Transitional Kindergarten (TK) classroom enrollment and the adult-to-student thresholds are specific to individual classrooms, rather than averaged across each school site like the other TK requirements.

In November 2022, California voters passed Proposition 28, which mandates the annual allocation of 1% of the TK-12 portion of Proposition 98 funding for arts and music instruction in schools. However, no further clarification has been issued beyond the language enacted in early July as part of Senate Bill (SB) 115. Given that LEA and school site allocations are not yet known, and certain key provisions of Proposition 28 (including the requirement that 80% of these funds be used to hire staff and the restriction that these funds supplement, not supplant current funding) lack clarity, LEAs should continue to exercise caution in planning for the use of these funds.

### **Possible Government Shutdown**

There is a significant risk that the federal government may face a shut down in mid-November because of Congress's inability to reach a budget agreement. President Joe Biden recently signed a 45-day continuing resolution that prevented a government shutdown and ensured federal government funding through November 17. If Congress cannot reach an agreement by November 17, they will need to pass another continuing resolution to maintain government funding or they will face a government shutdown.

However, according to the CDE, LEAs are not expected to experience any short-term funding disruptions in the event of a federal government shutdown. This is due to the funding mechanisms in place for various programs:

- The Every Student Succeeds Act (ESSA) Titles III, IV, and V operate on a forward-funding basis. Funds allocated for the state fiscal year 2023-24 were appropriated in the federal fiscal year 2022-23 budget but only became accessible on July 1, 2023.
- Funding for ESSA Title I and Title II programs was also appropriated in the previous year's federal budget. However, these programs rely on a combination of forward funding and advanced appropriations. The forward-funded portion became available on July 1, 2023, while the remaining funds for state fiscal year 2023-24 were advanced appropriations, accessible from October 1, 2023.
- Child Nutrition and Early Education programs, while not forward-funded in the same

manner as the programs discussed above, are also expected to remain funded for several months following a government shutdown.

# Planning Factors for 2023-24 and Multiyear Projections

Below are the key planning factors that LEAs should incorporate into their 2023-24 First Interim Reports and multiyear projections (MYPs). These factors are based on the most up-to-date information available:

Planning Factor	2023-24	2024-25	2025-26
Cost-of-Living Adjustment (COLA)  Local Control Funding Formula (LCFF) COLA  Special Education COLA	8.22%	3.94% <sup>1</sup>	3.29%

Minimum Wage	\$16.00²	\$16.50 <sup>3</sup>	\$16.90⁴
Universal TK/ADA LCFF add-on for the 12-to-1 student-to-adult ratio	\$3,044.00	\$3,164.00	\$3,268.00

Mandate Block Grant			
School Districts			
Grades K-8 per ADA	\$37.635	\$39.30	\$40.59
Grades 9-12 per ADA	\$72.49 <sup>5</sup>	\$75.71	\$78.20

Grades K-8 per ADA	\$19.76 <sup>5</sup>	\$20.63	\$21.31
Grades 9-12 per ADA	\$54.915	\$57.34	\$59.23

- 1. Note that five out of the eight data points used to calculate the statutory COLA indicate that it will be significantly lower than currently projected.
- 2. Effective January 1, 2024.
- 3. Effective January 1, 2025.
- 4. Effective January 1, 2026.
- 5. These rates reflect a reduction of 0.47% due to the appropriation for the program being insufficient to fully fund it.

### **Reductions to Block Grants**

### Arts, Music and Instructional Materials Discretionary Block Grant

The 2022-23 State Budget established the Arts, Music and Instructional Materials Discretionary Block Grant, initially totaling \$3.6 billion in one-time funds. This grant was designed to provide LEAs with funding for specified uses, including standards-aligned professional development, instructional materials, improved school culture, and the development of diverse and culturally relevant book collections.

However, the 2023-24 State Budget reduced this amount by \$200 million, or approximately 6% of the original grant amount. The first 50% of the original grant amount was distributed to LEAs in November 2022, while the remaining funds, reduced to account for the \$200 million budget cut, were distributed to LEAs in October 2023.

As a reminder, the grant requires LEA governing boards to approve expenditure plans consistent with the allowable uses defined by the grant.

### **Learning Recovery Emergency Block Grant**

The 2022-23 State Budget also established the Learning Recovery Emergency Block Grant, initially totaling \$7.9 billion in one-time funds. It is designed to support academic learning recovery and the social and emotional well-being of staff and students. This funding is designated to be spent through the 2027-28 fiscal year.

However, the 2023-24 State Budget reduced the funding for the Learning Recovery Emergency Block Grant by \$1.1 billion, which amounts to approximately a 14% reduction in the 2022-23

fiscal year. That said, the legislature intends to restore these funds, beginning in the 2025-26 fiscal year, with an annual increase of \$378.7 million through the 2027-28 fiscal year.

In the 2022-23 fiscal year, LEAs received the full apportionment for the Learning Recovery Emergency Block Grant. To recover the reduction in funds, the CDE will reduce most LEAs' principal apportionment in the 2023-24 fiscal year. However, in rare cases where reducing the principal apportionment is not a viable option, the CDE may bill an LEA for the amount to be returned.

These reductions will be applied to the October 2023 Principal Apportionment payments that are currently in process. A small number of LEAs may experience these reductions in their November and/or December Principal Apportionments. Consequently, LEAs will receive less revenue than initially projected for those months and will need to adjust their cash flow projections accordingly.

Please note that the actual reduction in revenue should be attributed to the Learning Recovery Emergency Block Grant under Standardized Account Code Structure (SACS) Resource Code 7435.

### Transitional Kindergarten

As a reminder, the 2023-24 State Budget made significant changes to TK staffing requirements:

- Beginning in 2023-24, any LEA that chooses to enroll children in TK who meet the
  definition of "early enrollment children" (those whose fourth birthday falls between
  June 3 and September 1 preceding the school year in which they are enrolled in TK)
  must adhere to a 10-to-1 student-to-adult ratio and maintain a maximum class size of 20
  for classes that include an early enrollment child.
- Beginning in 2025-26, all TK classrooms must be staffed at a 10-to-1 student-to-adult ratio. While the legislature intends to provide funding to support this staffing ratio, the 10-to-1 requirement is no longer contingent upon the receipt of additional funding.
   Districts will need to incorporate this lower staffing ratio into their First Interim MYPs.

### **Special Education**

The 2023-24 State Budget includes an 8.22% COLA for the Special Education base grant, increasing it to approximately \$887.40 per funded ADA. In preparing for the 2023-24 First Interim Report, consider the following additional nuances:

- Special Education Local Plan Areas (SELPAs) are required to allocate base funding of at least the same amount provided to their member LEAs in the 2022-23 fiscal year for 2023-24. This minimum allocation should be increased by the 8.22% COLA and adjusted to account for any changes in the funded ADA.
- LEAs may allocate funds back to their SELPA for purposes of providing regionalized or other programmatic services.
- While the AB 602 funding formula for Special Education is based on each individual

LEA's ADA, it is important to analyze and update the projected AB 602 revenue using the current three-year average of ADA. Given the severe decline in enrollment across the state, careful attention is required for each ADA-driven revenue source.

- The moratorium on the creation of new single-district SELPAs has been extended by an additional two years to June 30, 2026.
- The CDE must post each SELPA's annual local plan on its website.

### **Equity Multiplier**

The 2023-24 State Budget created a new program called the Local Control Funding Formula Equity Multiplier. Under this program, funding will be allocated to LEAs for schools meeting specific criteria: a prior year non-stability rate exceeding 25% and a prior year socioeconomically disadvantaged pupil (as defined <a href="here">here</a>) rate exceeding 70%. The CDE will certify these allocations at the First Principal Apportionment.

Local Educational Agencies should take into consideration that schools' eligibility for Equity Multiplier funds may change from year to year based on fluctuations in their non-stability rate and/or their socioeconomically disadvantaged pupil rate. Data on stability rates can be found on <a href="DataQuest">DataQuest</a> or <a href="downloaded">downloaded</a> from the CDE. The data for the 2023-24 fiscal year is expected to be published in early 2024.

Equity Multiplier funding is restricted (for SACS coding, please use Resource Code 7399 and Revenue Object Code 8590). Starting with the 2024-25 LCAP adoption, it will be subject to reporting requirements in the Local Control and Accountability Plan (LCAP). The CDE provides further details about the Equity Multiplier, which are available <a href="https://example.com/here-exampl

### **Local Control and Accountability Plan**

The 2023-24 State Budget mandates several revisions to the LCAP template and its instructions. Drafts of the revisions were reviewed by the SBE during their September 2023 meeting, and the SBE is expected to formally adopt the revised template at their November 2023 meeting.

For more information on the proposed changes, please refer to the SBE's <u>September 2023</u> <u>Agenda Item #02</u> and the <u>draft LCAP template</u>, both of which were presented during the meeting. The final changes approved by the SBE in November will be detailed in the Second Interim Common Message.

### Summary

The purpose of this edition of the Common Message is to provide LEAs with data and guidance for fiscal planning and the development of their First Interim Report and MYPs. The information provided for fiscal year 2023-24 and beyond includes the latest known proposals and projections to facilitate effective multiyear planning.

Local Educational Agencies should be aware that the state faces potential revenue shortfalls and budget deficits that could result in further cuts to education spending. The state's total revenue for the last fiscal year will not be known until all outstanding 2022 taxes have been

filed, because nearly all residents and some corporations were granted tax filing extensions until November.

Moreover, the Legislative Analyst's Office recently indicated that the state may be experiencing a mild recession that began in the fourth quarter of 2022. While state revenues appear to be stabilizing, the office projects that the state will face a nearly \$10 billion deficit in 2024-25. To compound matters, the 2024-25 COLA is showing a downward trend towards 2%. This projection is based on five out of the eight data points used to calculate the statutory COLA.

LEAs face near and long-term challenges, including risks to the state revenue forecast, reduced ADA because of COVID-19-related student absences, cost pressures (e.g., pension rate increases), expiring one-time COVID-19 relief funds, and declining enrollment. Given that each LEA has unique funding and program needs, it is crucial that LEAs continuously assess their individual situations, work closely with their COE, and develop comprehensive plans that maintain their fiscal solvency and preserve the integrity of their educational programs.
